100 CAPSULES, OMEGA-3 200 CAPSULES, SUPER-FLORA 90 CAPSULES,
CORAL WINE 30 SACHETS

TOTAL: 300 CAPSULES, 200 TABLETS, AND 30 SACHETS, 30 DAY PROGRAM

Ingredients per 1 Capsule:

• Inulin (from Chicory root)	200 mg
• ActiVin (Grape seed extract)	150 mg
• Vitamin C	60 mg
• Muira puama root	50 mg
• Eleuthero root	25 mg
• Dunaliella whole plant	15 mg
• Zinc	15 mg
• Royal jelly (Bees milk)	10 mg
• Vitamin E	10 mg
• Milk thistle extract	5 mg
• Ginkgo extract	5 mg
• Green tea extract	5 mg
• Manganese	250 mcg
• Chromium	100 mcg
• Copper	40 mcg
• Selenium	35 mcg
• Molybdenum	25 mcg
• other ingredients.	

Grape Seed Extract

Contains polyphenolic compounds believed to lower bad cholesterol in the blood, reducing the risk of clogged arteries.*

Ginkgo Biloba and Green Tea

Natural antioxidants that also improve circulation and strengthen the blood vessels.*

Vitamin C, Vitamin E

Protect cells from free radicals and activate the immune system.*

Eleuthero, Milk Thistle

Components act as a general tonic, increasing stamina and work productivity.*

Inulin

Provides a rapid energy boost, activating the gut flora, improving nutrient absorption.*

Dunaliella Salina Algae

Contains beta-carotene, one of the world's most potent antioxidants.*

Directions: + × 1 [one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

• Pomegranate fruit extract	200 mg
• Acai fruit extract	200 mg
• Cocoa bean extract	40 mg
• Rosemary leaf extract	20 mg
• other ingredients.	

Pomegranate

With a powerful antioxidant effect, it helps to break down cholesterol plaque and protect blood vessels from damage.*

Rosemary

Improves vascular tone, helps reduce inflammation and relieves stress.*

Cacao Bean

Heart protective compounds found in raw cacao may protect against cardiovascular disease, reduce the risk of stroke, and help improve blood circulation.*

Acai Berry

This multivitamin miracle berry from South America contains high levels of antioxidants and is referred to as the “youth and beauty” berry.*

Directions:  +  × 2 [one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Assimilator

Item: 91118

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

• Protease	30 000 HUT
• Amylase	8 000 DU
• Lactase	400 LACU
• Cellulase	200 CU
• Maltase	150 DP
• Lipase	50 LU
• Papain (from papaya)	600 000 PU
• Bromelain (from pineapple)	300 000 PU
• Vitamin A	344 mcg (1000 IU)
• Vitamin D3	5 mcg (200 IU)
• other ingredients.	

Enzymes that Break Down Carbohydrates

Amylase begins digesting carbohydrates while they are still in your mouth. Cellulase breaks down crude fiber, improving the absorption of grains, fruit and vegetables. Maltase catalyzes the hydrolysis of the disaccharide maltose to simple sugar glucose. Lactase breaks down lactose (milk sugar).*

Vitamins A and D

Protect and heal the lining of the GI tract, Vitamin D regulates the synthesis of digestive enzymes and hormones.*

Enzymes that Break Down Proteins

Protease, papain and bromelain help break proteins down into amino acids, actively functioning both in the acidic and alkaline parts of the GI tract.*

Enzyme that Break Down Fats

Lipase breaks down animal fats into easily-digestible fatty acids and helps in the take-in of vitamins A and D.*

Directions:

+

×

1

[one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

B-Luron

Item: 918141

Bottle: 2 x 17 fl oz (500 ml)

Ingredients per 1 Serving:

• Vitamin E	15 mg
• Chondroitin Sulfate	300 mg
• Hyaluronic Acid	150 mg
• other ingredients.	

Hyaluronic Acid

Hyaluronic acid, also known as hyaluronan, is a clear, oil-like substance that is naturally produced by our bodies. Hyaluronic acid is found in many tissues of the body. It tightens the skin and connective tissue, keeps the cartilage elastic and lubricates our joints. Hyaluronic acid is the major component of synovial fluid, the "joint grease". Additionally, hyaluronic acid supplements can help increase skin moisture and reduce the appearance of fine lines and wrinkles.*

Chondroitin Sulfate

It is an active ingredient and vital part of cartilage. Chondroitin sulfate can be found in cartilage, which is a cushion that surrounds the joints in our body. Chondroitin sulfates act like "liquid magnets". They help attract fluid into the connective tissue. This ensures the elasticity and cushioning ability of the articular cartilage. Chondroitin is found naturally in your body. It's a vital part of cartilage, giving it elasticity by helping it retain water. *

Vitamin E

It is a powerful antioxidant that slows down oxidation processes and protects other fat-soluble vitamins from damage caused by oxygen. It also contributes to better absorption of such vitamins. It improves the process of cellular respiration, thus increasing overall endurance.*

Directions:

× 1

[one measuring cup (1 fl oz / 30 ml) once a day after a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Calci-Prime

Item: 2195

Container: 120 Vegetable Capsules

Ingredients per 1 Capsule:

• Calcium (from Aquamin™ TG)	137.5 mg
• Magnesium (from Aquamin™ TG and magnesium citrate)	40 mg
• Silicon (from Horsetail aerial parts extract)	2 mg
• Vitamin K2 MenaQ7® (menaquinone-7)	18.8 mcg
• Zinc (citrate)	1.34 mg
• Manganese (gluconate)	0.25 mg
• Boron (sodium borate)	0.2 mg
• Vitamin D3 (cholecalciferol)	1.25 mcg (50 IU)

Aquamin™

calcium is essential for maintaining strong bones and teeth. It also aids in muscle function, including the heart, and plays a role in blood clotting and energy production. This natural calcium comes from North Atlantic seaweed, which absorbs minerals like calcium and magnesium from the sea.

Magnesium

contributes to bone and dental health, helps absorb calcium, and plays a role in collagen protein synthesis. Our product contains magnesium citrate from Aquamin™.

Vitamin K2

(menaquinone) contains a clinically proven and patented form of vitamin K2 (MenaQ7®)**, supporting bone and dental health by forming new bone tissue.

Vitamin D3

helps the body absorb calcium, promoting healthy bones, teeth, immune system, and muscle function.

Zinc

supports healthy bones, mineral metabolism, cell formation, immunity, and vitamin A absorption. Our product uses organic zinc citrate.

Manganese

Manganese helps maintain healthy bones, joints, and skin by participating in connective tissue formation.

Directions:

2

[two capsules twice a day with meals]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Cascara Sagrada

Item: 1405

Container: 100 Tablets

Ingredients per 1 Tablet:

- Cascara Sagrada bark powder 487.5 mg
- other ingredients.

Cascara Sagrada

Cascara Sagrada (Cascara Buckthorn) bark, native to North America, has been used for many years because it does not irritate the gastrointestinal tract and does not create dependence. Its laxative effect manifests about 8-10 hours after taking it, so it is best to take it before going to sleep. Cascara Buckthorn bark contains anthraquinones that, after getting to the large intestine, improve its mobility and peristalsis, helping to painlessly move solid waste along in order to normalize stool. In comparison with other laxatives, Cascara Sagrada “delicately” cleanses the intestines and maintains a healthy flora.*

Directions:

× 1-2

[one tablet once or twice a day before a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Chewable Papaya

Item: 2196

Container: 90 Chewable Tablets

Ingredients per 1 Tablet:

- | | |
|---|---------|
| • Papaya fruit extract (<i>Carica papaya</i>) | 75 mg |
| • Bromelain | 20 mg |
| • Turmeric rhizome extract (<i>Curcuma longa</i>) | 3.3 mg |
| • Vitamin B2 (riboflavin) | 0.15 mg |
| • excipients. | |

Bromelain

is an enzyme found in the core and stems of pineapples. Just like pepsin, a key enzyme in our stomach juice, bromelain helps break down proteins into small bits called peptides and then into amino acids, making them easier for our bodies to absorb. Bromelain aids digestion, and unlike many enzymes, it stays active across a range of pH levels, from acidic to weakly alkaline, making it great for enhancing protein digestion. Proteins that are well-absorbed provide the raw materials for new cells, which can aid in the healing of the gastrointestinal lining.

Papaya fruit extract

specifically the juicy flesh, contains traces of vitamins, minerals, and plant enzymes. Papain, one of these enzymes, is particularly valuable. Much like bromelain, papain helps break down proteins and remains active in a wide range of pH levels.

Vitamin B2

also known as riboflavin, supports tissue regeneration and healing, contributing to the health of the gastrointestinal lining.

Turmeric extract

may stimulate bile production in the liver, which aids digestion and helps our bodies better absorb food, particularly fats.

Directions:

× 3

[1 chewable tablet 3 times per day with a meal.]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Chlorella Tablets

Item: 2129

Container: 180 Tablets

Ingredients per 1 Tablet:

- Chlorella 500 mg

Chlorella

Chlorella is a single cell microalgae of rich green color due to a high concentration of chlorophyll. Chlorella is packed with phytonutrients, including amino acids, chlorophyll, beta-carotene, potassium, biotin, magnesium and B-group vitamins.

However, its tough exterior cellular walls are difficult to digest. It took many years of research to find a way for the human body to digest it more effectively. Chlorella from Coral Club is "cracked cell wall chlorella" and it's almost completely absorbable. We use a patented method to break Chlorella's cell wall without harming its nutrients.

Chlorella is known to help strengthen the immune system, promote weight loss, as well as detoxify heavy metals in the body.*

Directions: 2  +  × 3 [two tablets three times a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

• Diosmine (from Hesperidin)	250 mg
• Gotu Kola whole plant extract	100 mg
• Horse Chestnut seed extract	100 mg
• Blueberry fruit extract	100 mg
• Hawthorn berry extract	60 mg
• Ginkgo leaf extract	40 mg
• other ingredients.	

Diosmine

Diosmine is a bioflavonoid derived from citrus peel. It helps to increase vein tone and improve their elasticity.*

Horse Chestnut

Horse chestnut helps to prevent inflammation in small and large blood vessels.*

Hawthorn Berry

Having various cardio-protective abilities, it is very important to support cardiovascular health.*

Gotu Kola & Ginkgo Biloba

Gotu kola and Ginkgo biloba leaves extracts are the best natural protectors of the blood vessels. They help regulate blood flow in the heart, brain and lower limbs.*

Directions:

+

×

1

[one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coenzyme Q10

Item: 2177

Container: 60 Vegetable Capsules

Ingredients per 1 Capsule:

- | | |
|------------------------------|--------|
| • Coenzyme Q10 (Kaneka Q10®) | 100 mg |
| • Inulin (from chicory root) | 125 mg |
| • MCT oil powder | 5 mg |
| • other ingredients. | |

Coenzyme Q10

Coenzyme Q10 (CoQ10) is an essential element for many daily functions and is required by every single cell in the body. To sustain enough energy for bodily functions, tiny organelles inside our cells called mitochondria convert fat and other nutrients into usable sources of energy. This conversion process requires the presence of CoQ10.*

Kaneka Q10® used in the product is the brand name of the Coenzyme Q10, produced by Kaneka Corporation.

Inulin

Provides a rapid energy boost, it activates the gut flora, improving nutrient absorption.*

MCT Oil

"MCTs" are medium-chain triglycerides, a pure source of fatty acids. MCTs from coconut oil are digested easily and sent directly to your liver, where they have a thermogenic effect and the ability to positively alter your metabolism. They are burned by the body for energy, or "fuel," instead of being stored as body fat.*

Directions:

+

×

1

[one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Colostrum Plus

Item: 2171

Container: 120 Vegetable Capsules

Ingredients per 1 Capsule:

- | | |
|---|--------|
| • Bovine Colostrum | 250 mg |
| • Beta-Glucans (as Beta-1,3/1,6-glucans from Baker's yeast) | 50 mg |
| • other ingredients. | |

Bovine Colostrum

Colostrum Plus is designed to strengthen immunity by combining the positive properties of colostrum and beta-glucans. Colostrum is the very first nutrition of all mammals, including human beings. This substance protects a newborn in his first days of life. Bovine colostrum is also beneficial for the adult human body, since immunoglobulin G (IgG) is predominant, and provides systemic immunity.

Colostrum is derived from cow's milk collected in the first few hours after calving, and is a source of valuable biologically-active substances - immunoglobulins, lymphocytes, lactoferrin, interleukins, and growth factors. It is rich in minerals, vitamins, enzymes, and contains Proline Rich Polypeptides, which are also called transfer factors. The unique composition provides the protective, regulatory and functional properties of colostrum.*

Beta-glucans

Beta-glucans are naturally-occurring polysaccharides that trigger the activation of immune system cells (macrophages, T-lymphocytes, NK cells or killer cells), and help to quickly recognize and destroy pathogenic microorganisms. They also increase the body's resistance to various infections.*

Directions: 2  +  × 1 [two capsules daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Alfalfa

Item: 2102

Container: 120 Capsules

Ingredients per 1 Capsule:

- | | |
|------------------------|--------|
| • Alfalfa juice powder | 250 mg |
| • Alfalfa leaf powder | 150 mg |
| • other ingredients. | |

Alfalfa

Alfalfa herb is rich in protein and vitamins K, C, A, and Folate. It is a nutritious whole food, packed with antioxidants and minerals including Calcium, Magnesium, and Iron. Several studies showed that Alfalfa could lower blood cholesterol level. It is also a popular tonic for flushing the body of toxins.*

Directions: 2  +  × 2 [two capsules twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Artichoke

Item: 91640

Container: 90 Capsules

Ingredients per 1 Capsule:

• Artichoke herb extract	300 mg
• Betaine HCl	50 mg
• Milk Thistle seed extract	40 mg
• Dandelion root extract	20 mg
• other ingredients.	

Artichoke

Artichoke contains many active ingredients like quercetin, rutin, gallic acid, and cynarine that nourish the digestive tract and help to restore proper gut health. Providing the body with various nutrients such as protein, vitamins and minerals, it helps to regulate the metabolism.*

Milk Thistle

Stimulates the formation of bile, and aids in the secretion and motor functions of the digestive tract. Milk thistle seeds contain phytochemical Silymarin that may protect liver cells from the harmful effects of medication and alcohol.*

Dandelion Root

It contains bitter substances that whet the appetite. Dandelion aids our digestive system by maintaining the proper flow of bile.*

Betaine

Betaine is a compound that is biologically involved in the detoxification process of the body.

It helps normalize the lipid metabolism in the liver, the level of triglycerides in the blood, and may improve the function of digestive system.*

Directions:

+

× 2

[one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Black Walnut

Item: 91643

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

- | | |
|-----------------------------|--------|
| • Black Walnut leaf extract | 300 mg |
| • Oregano leaf extract | 50 mg |
| • other ingredients. | |

Black Walnut Leaves

One of the key active components of the Black Walnut is naphthoquinone Juglone. Juglone exerts its antiparasitic effect by inhibiting certain enzymes needed for metabolic function of parasitic worms. Juglone and tannins of Black Walnut can make the environment of the gut very inhospitable for the candida fungus, thereby protecting your body from fungus infection.*

Oregano Leaves

Oregano is a popular herb that has numerous health benefits. One active agent in Oregano leaves is rosmarinic acid, which is a strong antioxidant that may support immune system health. Carvacrol and thymol, two other phytochemicals in oregano, are powerful antimicrobials. They are able to inhibit the growth of numerous known pathogens that can produce dangerous toxins in the intestine. Essential oils of Oregano are believed to be useful against certain Candida species and may help inhibit inflammation.*

Directions: 2  +  × 2 [two capsules twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Boswellia

Item: 91846

Container: 90 Capsules

Ingredients per 1 Capsule:

- Boswellia extract 400 mg
- other ingredients.

Boswellia

The aromatic resins in Boswellia Serrata contain boswellic acids that have the same mechanism of action as nonsteroidal anti-inflammatory drugs, but without the accompanying side effects. Boswellic acids slow down inflammatory processes, improving the condition of joints and cartilage, and reducing pain and swelling. Boswellia also increases microcirculation, strengthens the blood vessels, and increases nutrient delivery to muscle tissues, which accelerates their recovery.*

Directions:  +  × 3 [one capsule three times a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Burdock Root

Item: 91860

Container: 90 Capsules

Ingredients per 1 Capsule:

- Burdock root powder 500 mg
- Burdock root extract 100 mg
- other ingredients.

Burdock Root

Burdock is rich in Inulin, a prebiotic that enhances the health of the gut flora, increasing the growth capacity of the body's own healthy bacteria. Burdock root contains phytochemicals that effectively destroy bad gut bacteria, and help cleanse the blood of toxins by acting as a diuretic, improving kidney function. Burdock protects the lining of the GI tract from irritation and increases the output of gastric juices and bile, while helping to bring the digestive system and liver functioning back to normal.*

Directions:  +  × 3 [one capsule three times a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Carnitine

Item: 91890

Container: 180 Capsules

Ingredients per 1 Capsule:

- Acetyl-L-Carnitine 400 mg
- other ingredients.

Carnitine

Carnitine plays an important role in energy production. It transports long-chain fatty acids into the mitochondria to produce energy. Carnitine is concentrated in skeletal and cardiac muscle tissues that utilize fatty acids as a dietary fuel. It is one of the best nutrients supporting heart health.

Other health benefits of Acetyl-L-Carnitine include improved memory in older people and help with fatigue symptoms.*

Directions:  +  × 2 [one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Cat's Claw

Item: 91642

Container: 60 Capsules

Ingredients per 1 Capsule:

- | | |
|---------------------------|--------|
| • Cat's Claw bark extract | 300 mg |
| • Burdock root extract | 100 mg |
| • Green tea leaf extract | 100 mg |
| • other ingredients. | |

Cat's Claw

This woody vine has anti-inflammatory, and antioxidant properties. Components of Cat's Claw bark can assist the body in eliminating free radicals that may cause cellular damage. Cat's Claw can stimulate the immune system, dilate blood vessels, act as a diuretic and relax smooth muscle.*

Green Tea

It contains large amounts of important nutrients that act as a powerful antioxidant and fill the body with energy.*

Burdock Root

Burdock root is full of bioactive substances that together are known to have diuretic and health-promoting properties.*

Directions:  +  × 2 [one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Kelp

Item: 91805

Container: 60 Capsules

Ingredients per 1 Capsule:

• Kelp grass extract	180 mg
• Rose hips fruit extract	150 mg
• Ginger root extract	20 mg
• other ingredients.	

Kelp

Contains fiber and alginates that help to improve intestinal function and cleanse it of toxins. As a source of iodine, it especially benefits the thyroid.*

Ginger Root

A natural antioxidant supporting physical activity that lowers cholesterol, revitalizing the body's vascular and digestive function, helping to detoxify it.*

Rose Hips

Contains more than ten times the vitamin C of blackcurrant and more than one hundred times that of apples. It improves the metabolism and bolsters the immune system against infections.*

Directions:

+

×

1-2

[one capsule once or twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Lecithin

Item: 91650

Container: 120 Capsules

Ingredients per 1 Capsule:

- Lecithin (from Soy) 1200 mg
- other ingredients.

Lecithin

Lecithin is a source of Phospholipids, which are of vital importance for brain function. Lecithin can help intellectual activity and creativity, improves memory and helps reduce irritability. Lecithin takes part in the regulation of fat metabolism. It accelerates the structural healing of liver tissues damaged under the toxic effects of medicines, viruses, alcohol and nicotine. It protects the skin from free radicals, and improves its nourishment and detoxification. Without Lecithin, new cells cannot form and damaged ones cannot be healed.*

Directions:  +  × 2-3 [one capsule two or three times a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Licorice Root

Item: 91641

Container: 100 Capsules

Ingredients per 1 Capsule:

- | | |
|--|--------|
| • Deglycyrrhized Licorice root extract | 300 mg |
| • Licorice root extract | 80 mg |
| • Ginger root extract | 20 mg |
| • other ingredients. | |

Licorice Root

The Licorice root contains triterpenoid glycyrrhizin, a potent anti-inflammatory agent. With excessive use, however, glycyrrhizin has been noted to create side effects, such as increased blood pressure. To minimize the risk of side effects Licorice supplements can be standardized to remove this compound – known as deglycyrrhized licorice (DGL). DGL is still beneficial for digestion, respiratory health, immunity and hormonal balance, thanks to the number of other potent phytochemicals found in this plant.*

Ginger Root

Ginger improves vascular health, increasing vitality, and strengthens the immune system. One of the benefits of consuming ginger is inflammation reduction, which is at the root of most diseases.*

Directions:

+

×

2

[one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Magnesium

Item: 91881

Container: 90 Capsules

Ingredients per 1 Capsule:

- Magnesium 150 mg
- other ingredients.

Magnesium

Magnesium is one of the most important minerals that acts in tandem with Calcium and is necessary for the absorption of the latter. One of the most important functions of magnesium is to protect the nervous system from stress. Magnesium eases CNS excitation, helping to reduce anxiety and irritability. Magnesium stabilizes the heart rate and prevents clot formation in the blood vessels. Magnesium plays an active role in the formation of musculoskeletal tissues, being a structural component of bones and tooth enamel.*

Directions:  +  × 2 [one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

coralclub

Coral-Mine
NATURAL CORAL MINERAL
SUPPLEMENT

10 Sachets
Net Wt. 0.35 oz (10g)

Coral-Mine

Item: 2220 / 2221

Container: 30 Sachets / 10 Sachets

Ingredients per 1 Sachet:

• Powdered coral	995 mg
• L-Ascorbic acid	5 mg

Coral-Mine is a product from Japan made of deep-sea coral sand (scleractinians) collected in the Sea of Japan, near the islands of Okinawa and Tokunoshima.

Main properties:

- Enriches water with minerals
- Helps to boost energy
- Immune system support
- Promotes better hydration and detoxification
- Anti-aging and skin health

A sachet placed in water enriches it with beneficial minerals, restores water-salt balance, has a positive effect on the kidneys, liver and digestive system functions, and helps to regulate blood pressure.*

The components promote the growth of bone and connective tissue with beneficial effects on overall health.*

Directions:  [place one sachet into 50 fl oz (1.5 L) of water, drink the water throughout the day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Taurine

Item: 2101

Container: 60 Capsules

Ingredients per 1 Capsule:

- Taurine 600 mg
- other ingredients.

Taurine

It is only found in animal products, but can also be synthesized within the body, which slows down after the age of 40. Its benefits are broad and extensive.

Taurine is especially important for the cardiovascular system: it improves blood circulation and vascular tone, regulates calcium, potassium, magnesium and sodium concentrations, helps maintain a stable heart rate, cardiac muscle energy and vascular health. Taurine reduces the generation of LDL cholesterol, and improves bile production and liver function.*

Directions:  +  × 1-2 [one capsule once or twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Coral Zinc 25

Item: 91801

Container: 100 Tablets

Ingredients per 1 Tablet:

- Zinc 25 mg
- other ingredients.

Zinc

This element takes part in cell-mediated immunity, increasing resistance to infection. It is involved in various types of metabolism, such as that of protein and in the functioning of many enzymes, aids in the uptake of Vitamin E, and in the normal functioning of the pancreas. Maintaining sufficient levels of Zinc in the body is of vital importance for the formation of male sex hormones and for prostate health. Taking Zinc supplements may help decrease bone loss in postmenopausal women. Zinc plays an important role in the synthesis of nucleic acids and cell division, making it a requirement for tissue growth and regeneration.*

Directions:  +  × 1 [one tablet daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Daily Delicious Beauty Protein Mix

Raspberry/Vanilla/Chocolate

Item: 211501 / 211601 / 211701

Container: Powder 1.1 lb (500 g)

Ingredients per 1 Serving:

- Protein (from Milk protein; Whey protein concentrate; Soy protein isolate) 13 g
- Collagen hydrolysate 200 mg
- Vitamin A 367.25 µg (1068 IU)
- Vitamin C 145.5 mg
- Vitamin E 4mg (5.5 IU)
- Niacin 4.75 mg
- Folate 128.5 µg
- Biotin 41 µg
- Pantothenic Acid 4 mg
- Magnesium 50 mg
- Selenium 50 µg
- Copper 0.5 mg
- Sodium 55 mg
- L-Isoleucine, L-Leucine, L-Valine 2.5 mg
- PABA para-aminobenzoic acid 25 mg
- other ingredients.

Collagen

The main building block of skin, muscles, hair, and nails. Skin contains up to 70-80% collagen. Collagen hydrolysate, found in our shakes, is a form of animal collagen made up of three peptides (amino acids): lysine, proline, and hydroxyproline. It's special in that it has a low molecular weight, is easily digested. Collagen provides protein nutrition to the skin that may help prevent signs of premature aging.*

Milk protein and whey protein concentrate

Unlike vegetable proteins, contain all the essential amino acids that are similar in structure to human muscle tissue. Unlike whole protein, whey protein is a fast-acting protein absorbed by the body relatively quickly. It's been reported that whey protein supplementation is beneficial to muscle recovery after exercise by increasing protein synthesis and reducing muscle damage. Three essential amino acids within the protein composition — valine, leucine, and isoleucine, may support enhanced fat metabolism for additional energy release.*

Soy protein isolate

A light plant-based protein that is useful primarily for those whose body does not absorb regular casein protein well or who are unable to tolerate lactose, as well as for the elderly and for vegetarians as a substitute for meat proteins.*

Vitamin-mineral complex

Vitamins A, C, E, B3, B7, B9, PP, and the minerals magnesium, copper, and selenium participate in the metabolic processes of converting carbohydrates, protein, and fat into energy. Vitamins and minerals improve digestion, support skin and muscle health, and aid the body in the synthesis of its own collagen.*

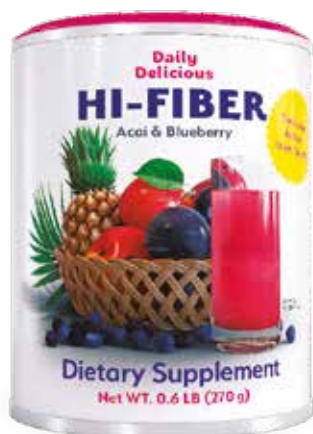

Directions:  x 1 [two measuring scoops (25 g) of powder mixed with 8 fl oz (~235 ml) of skimmed milk, take one serving a day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Daily Delicious Hi-Fiber Acai & Blueberry

Item: 2103

Container: Powder 0.6 lb (270 g)

Ingredients per 1 Serving (9g):

Apple fiber; Inulin; Guar gum; Gum arabic; Sodium carboxymethyl cellulose; Rice bran; L-glutamine 200 mg; Plum fruit powder; Glucomannan; Pineapple fruit powder; Blueberry fruit powder; Acai berry extract; Apple pectin; Aloe Vera gel 30 mg; other ingredients.

Soluble Fiber

Soluble fiber from apples, Inulin and Glucomannan may help lower low-density lipoprotein, or "bad", cholesterol levels.*

Insoluble Fiber

Insoluble fiber (cellulose, Rice bran) is known to relieve and prevent constipation. Insoluble fiber accelerates digestion and improves metabolism.*

Glutamine

Supplementation with the amino acid L-glutamine can help prevent leaky gut, boosts immune function, and prevents wasting muscles in sick people.*

Aloe Vera Gel

It contains beneficial compounds that can help inhibit the growth of harmful bacteria and may help treat constipation.*

Directions:

× 2

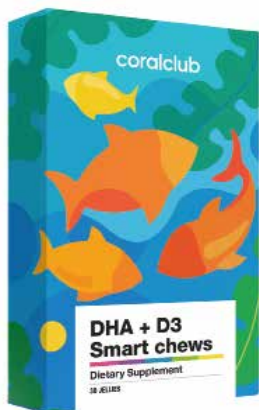

[one scoop (9 g) of powder mixed with 5 fl oz (~150 ml) of water, take up to 2 servings a day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

DHA + D3 Smart Chews

Item: 2304

Container: 30 jellies

Ingredients per 1 jelly:

• Fish oil	720 mg
• Total Omega	482 mg
• EPA (Eicosapentaenoic acid)	72 mg
• DHA (Docosahexaenoic acid)	360 mg
• Vitamin D3 as Cholecalciferol	12 mcg

DHA (Docosahexaenoic acid) and EPA (Eicosapentaenoic acid)

Studies of DHA properties have shown that during childhood and adolescence this nutrient helps children learn information better and more easily, to be better at learning, it corrects hyperactivity and plays a role in the formation of the body's vision-associated functions. A sufficient amount of DHA in childhood largely determines health and social success in adulthood. EPA contributes to a positive emotions and mood.

Vitamin D3

Necessary for normal bone growth and development, as well as normal immune system functions in children.

ConCordix technology

The ConCordix system has been successfully used to recreate the natural distribution of fat in fish, whereby the mass of fish oil is broken up into many individual, highly fragmented droplets isolated from one another. Such distribution of fish oil in gelatin gum, significantly increases the assimilation of its active substances, and prevents premature oxidation and adhesion of fat droplets.

Directions:

× 1

[children over four years old chew one jelly daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

D-Spray / D-Spray 2000

Item: 2179 / 2197

Container: 0.34 fl oz (10 ml)

(2179) Ingredients per 1 spray (0.06 ml):

- Vitamin D3 (as Cholecalciferol) 10 mcg (400 IU);
- other ingredients.

(2197) Ingredients per 1 spray (0.06 ml):

- Vitamin D3 (as Cholecalciferol) 50 mcg (2000 IU)
- other ingredients.

Vitamin D3

Vitamin D3 is a very important biologically active substance for the body. It is produced in the body when the skin is exposed to ultraviolet rays from sunlight, and it is found naturally in a small number of foods. However, people all over the world suffer from vitamin D3 deficiency. Several factors contribute to vitamin D deficiency, including insufficient sunlight in certain latitudes, air pollutants absorbing UV rays, nutrient-poor food, and increased sunscreen use. Maintaining optimal vitamin D3 levels is especially relevant for residents of middle and northern latitudes. Replenishing vitamin D3 levels from food alone is difficult, since it is only found in certain animal products such as egg yolk, certain fish species, and mushrooms. Therefore, taking an additional source of vitamin D3 is advisable regardless of the time of year. This is especially true for those who suffer from frequent illness, metabolic disorders, excess weight, regular pain in joints and muscles, and diseases of the intestines, liver, or kidneys.

Directions:

× 1

[one spray (0.06 ml) daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Evening Formula

Item: 91832

Container: 60 Capsules

Ingredients per 1 Capsule:

• L-Theanine	100 mg
• Lemon Balm leaf extract	100 mg
• Hops flower extract	100 mg
• St. John's Wort herb extract	100 mg
• Magnesium	75 mg
• Skullcap root extract	50 mg
• other ingredients.	

Theanine

Helps the CNS recover following emotional overloads, improves the mood, and leaves you feeling calm and relaxed.*

Lemon Balm and Hops

These well-known sedative supplements help manage excitement, reduce vascular spasms, can help stimulate memory and enhance mood. Lemon balm encourages restful sleep, especially for those who have trouble falling asleep.*

Magnesium

A stress-fighting element, it slows down CNS excitement, reduces nerve and muscle spasms and susceptibility to neuroses.*

St. John's Wort

This herb may be an effective all-natural remedy for depression, insomnia and anxiety.*

Skullcap

Some of the most important health benefits of Skullcap include its ability to reduce anxiety, balance hormones, and aid in sleep issues.*

Directions:

+

×

1

[one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Item: 9167501

Container: 30 Stick packs (4.5 g)

Ingredients per 1 Stick pack:

• Persimmon fruit extract	280 mg
• Goji berry extract	210 mg
• Citrus peel extract	210 mg
• Buckwheat extract	210 mg
• Soybean sprout extract	70 mg
• Taurine	50 mg
• Vitamin C	10 mg
• other ingredients.	

Persimmon

Persimmon extract supports intestinal health and promotes healthier bowel movements.*

Goji Berry

Supports bowel health and gastrointestinal regularity.*

Taurine

Protects the liver and positively affects carbohydrate and lipid metabolism.*

Buckwheat and Soy Sprout

Help eliminate excess lipids and heal damaged liver tissue.*

Citrus Peel

Helps to normalize total cholesterol, while protecting vitamin C from the effects of oxidative degradation.*

Vitamin C

Strengthens blood vessels, lowers cholesterol and protects the body from toxins.*

Directions:

2

[one stick pack mixed with 3.4 fl oz (100 ml) of boiling water twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

• Glucosamine HCl	300 mg
• Chondroitine sulfate	250 mg
• MSM (Methylsulfonylmethane)	200 mg
• Vitamin C	50 mg
• Bamboo extract	7.5 mg
• Manganese	0.3 mg
• other ingredients.	

Glucosamine

The main component in the intra-articular fluid that lubricates the joints, reduces cartilage friction and wear, and stimulates chondroitin production, thus strengthening bones and cartilage.*

Chondroitin Sulfate

A major component of joints and cartilage, it reinforces their structure and speeds up healing processes, while preventing calcium from being leached out of the bones.*

MSM

Plays an active role in the formation of collagen and keratin, both of which help maintain flexibility and joint mobility.*

Vitamin C

Works with MSM in synthesizing collagen; improves the structure of the skin.*

Manganese

Required for the body to synthesize its own chondroitin.*

Bamboo Extract

A source of silicon with beneficial effects on joint strength.*

Directions:

2

[one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Folic Acid

Item: 321010

Container: 100 Tablets

Ingredients per 1 Tablet:

- Folic acid 400 mcg
- other ingredients.

Folic Acid (Vitamin B9)

Green leafy vegetables and legumes contain large quantities of Vitamin B9, but 90% of this vitamin is destroyed during the cooking process. One of the most important functions of Vitamin B9 is in hematopoiesis, hemoglobin synthesis and red blood cell formation, thanks to which it helps prevent anemia. It is also required for the synthesis of nucleic acids, which contain heritable genes. Folic acid plays an important role in reproduction, increasing the synthesis of the female sex hormones estrogen and progesterone, improves ovarian function, facilitates normal sexual development and prevents early menopause. It improves skin condition, and prevents acne, gray hair and baldness.*

Directions:  × 1 [one tablet daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Garlic Extract

Item: 2151

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

- Garlic bulb extract 200 mg
- other ingredients.

Garlic (*Allium sativum*)

Thanks to its phytoncides, garlic is an effective remedy against colds and flu, and strengthens the immune system. It destroys pathogenic bacteria in the GI tract without disturbing healthy flora, thus improving digestive function, intestinal motility and peristalsis, and preventing the occurrence of fermentation and rotting processes. Garlic reduces cholesterol levels, preventing the formation of plaque in the blood vessels and regulating vascular tone.*

Directions:

+

3

[one capsule three times a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients (per capsule):

- Mucosave®FG
- (Opuntia ficus indica cactus cladode extract and Olea europaea olive leaf extract) 200 mg,
- L-glutamine 50 mg,
- Deglycyrrhizinated licorice root extract (Glycyrrhiza glabra L.) 75 mg
- Excipients

Mucosave®FG

Mucosave®FG, a key component, features a synergistic blend of Opuntia cactus cladode and olive leaf extracts. Sourced from the sun-drenched climes of Southern Europe, particularly Sicily, these plants have traditionally been used to support gastrointestinal health. Opuntia cladodes are rich in polysaccharides that assist in forming a gel-like substance, thus establishing a protective lining for the stomach and intestines. Olive leaves contain polyphenols, known to help moderate inflammatory processes and provide soothing effects. Clinical studies have evidenced the efficacy of Mucosave®FG in alleviating gastrointestinal discomfort in healthy adults suffering from gastroesophageal reflux (GER).

Licorice root extract

The licorice root, widely used for its health benefits in China, India, Tibet, and Egypt for centuries, contains deglycyrrhizinated licorice root extract. This extract boasts a rich array of flavonoids, which positively impact the digestive system by reducing dyspepsia symptoms, controlling Helicobacter pylori growth, averting ulcer formations, modulating intestinal functions, and providing protection against oxidative stress.

L-glutamine

L-glutamine, an amino acid, is the primary energy source for gastrointestinal mucosa cells. It facilitates healing and fortifies barrier functions. Additionally, L-glutamine boosts gastric juice secretion, stimulates the proliferation of beneficial intestinal bacteria, and aids in maintaining normal intestinal functions.

Directions:  × 2 [adults should take 1 capsule twice a day during or after meals]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Gotu Kola Extract

Item: 2149

Container: 60 Vegetable Capsules

Ingredients per 1 Capsule:

- Gotu Kola herb extract 120 mg
- other ingredients.

Gotu Kola

Gotu Kola helps strengthen blood vessel walls and increase their elasticity. It has a positive effect on capillary and cerebral blood flow. This plant chemical compound can prevent thrombosis by inhibiting blood clotting. Gotu Kola positively impacts some blood components and stabilizes hemoglobin level and blood sugar. Triterpenoid saponins found in the herb participate in the formation of collagen leading to lower blood pressure. Flavonoids in the plant help to stabilize the cardiovascular system during stress, and enhance blood flow by expanding the coronary arteries that bring more oxygen-rich blood to the heart muscle.*

Directions:

 +  × 2 [one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Griffonia

Item: 91848

Container: 60 Capsules

Ingredients per 1 Capsule:

- | | |
|--------------------------|-------|
| • Griffonia seed extract | 50 mg |
| • Vitamin B6 | 2 mg |
| • Vitamin B12 | 3 mcg |
| • other ingredients. | |

Griffonia Seed

Griffonia contains 5-HTP - an amino acid, that along with vitamin B6, takes part in endorphin synthesis, which improves mood and helps recalibrate all three sleep phases: somnolence, light sleep and REM sleep. Improves the emotional state during PMS: reduces the sense of dependency and anxiety, stress and irritability.*

Vitamins B6 and B12

Play a leading role in the normal functioning of the nervous system, benefiting the sleep-wake cycle, helping overcome insomnia, and raising emotional stress tolerance. Deficiency of Vitamins B2 and B12 is usually reported with symptoms of fatigue.*

H-500

Item: 91800 / 91883

Container: 60 Capsules / 120 Capsules

Ingredients per 1 Capsule:

- H-500 Proprietary Blend (Potassium citrate, Magnesium citrate, Potassium ascorbate, Silicon dioxide, Sodium borate) 300 mg
- other ingredients.

H-500 Blend

A powerful antioxidant that increases stamina during any physical exertion, sports or labor. Reduces levels of lactic acid and helps to quickly remove it from the muscles, aiding in their recovery after a workout. Works to reduce muscle tension, improving their tone and increasing firmness. Increases the energy potential of the body by stimulating the production of cellular energy, while improving productivity during physical and mental work. Keeps healthy cells from oxidizing and restores the body's natural pH balance. Thanks to the increased levels of energy it provides, it is recommended for those involved in knowledge-based work, heavy industry, professional sports and active leisure participants.*

Directions:  × 2 [one capsule twice a day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Iron

Item: 2123

Container: 60 Vegetable Capsules

Ingredients per 1 Capsule:

- Iron 14 mg
- other ingredients.

Iron (Bisglycinate)

Part of the makeup of the blood protein hemoglobin, which is vitally important for carrying oxygen from the lungs to all the body's tissues and organs.

Thus, Iron increases energy metabolism in the cells and prevents the onset of iron-deficient anemia. Iron also makes up part of many enzymes and proteins that control cholesterol metabolism, hemopoiesis, immune system function, and oxidation-reduction reactions, thanks to its participation in the synthesis of antioxidant enzymes, Iron facilitates the growth and restoration of skin cells and improves the hair and nail quality.*

Directions:  +  × 1 [one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Lax-Max

Item: 91117

Container: 120 Vegetable Capsules

Ingredients per 1 Capsule:

• Psyllium husk	300 mg
• Magnesium	90 mg
• Inulin (from Chicory root)	70 mg
• Alfalfa leaf extract	50 mg
• Coral powder	30 mg
• Diatomaceous algae	24 mg
• Cascara bark	12 mg
• Senna leaf	12 mg
• Rhubarb root	12 mg
• Pau D'Arco bark	6 mg
• Black Walnut hull	6 mg
• Cloves flower bud	6 mg
• Bayberry root bark	6 mg
• Watercress leaf	6 mg
• Parsley leaf	6 mg
• Rosemary leaf	6 mg
• Echinacea herb	6 mg
• Fenugreek seed	6 mg
• other ingredients.	

Psyllium Husks and Inulin

Psyllium Husks restore intestinal tone by intensifying peristalsis. Also absorb waste, heavy metals and toxins and help to remove them from the body. Inulin increases the growth rate of good gut bacteria.*

Cascara, Rhubarb, Senna, Watercress

Intensify colonic peristalsis, so feces make it through faster.*

Alfalfa, Cloves, Rosemary, Fenugreek, Bayberry, Parsley

Reduce fermentation and putrefaction processes, fixing toxins and accelerating their removal from the body.*

Pau D'Arco and Black Walnut

Arrest inflammatory processes and the growth of bad bacteria in the gut.*

Directions:

4 × 1

[four capsules in the morning before breakfast]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Libidextra Men

Item: 2301

Container: 30 vegetable capsules

Ingredients per 1 capsule:

• Cold-pressed pumpkin seed oil	250 mg
• ENOSTIM (grape and apple peel extracts, saffron)	200 mg
• Pine phytosterols	50 mg
• L-Arginine	30 mg
• Niacin	8 mg
• Selenium	25 mcg
• Bulgarian rose oil from flowers	100 mcg

Patented EnoSTIM™ Complex

Synergistic phytocomplex contains polyphenols from grapes and apple peels and is further enriched with saffron. The active ingredients of the complex boost blood flow in the pelvic organs and ensure a better blood supply to the penis. EnoSTIM™ stimulates the synthesis of nitric oxide (NO), which is crucial to the production and maintenance of an erection. In addition, EnoSTIM™ protects unstable nitric oxide molecules from premature destruction by free radicals.

A clinical study showed that as a result of taking EnoSTIM™ for 4 weeks, 75% of men indicated improvement on the EHS (Erection Hardness Score) questionnaire, with half of participants marking the highest score. EnoSTIM™ was named a top ingredient in the 2019 NutraIngredients Awards in the Healthy Aging category.

Damask Rose Oil

A renowned aphrodisiac with an alluring aroma. It unleashes sensuality and enhances feelings of attraction, and puts you in a romantic mood.

L-Arginine

This amino acid plays an important role in the synthesis of nitric oxide, because nitric oxide is formed from L-arginine.

Niacin (Vitamin B3)

The niacin in this product is important because of its ability to dilate blood vessels and improve blood circulation and microcirculation. In addition, niacin supports the nervous system and helps reduce tiredness and fatigue.

Selenium

Selenium is considered to be the "element of longevity." It increases the concentration and mobility of sperm, and has a positive effect on male reproductive ability.

Phytosterols oils of pumpkin and pine seeds

Pumpkin seed oil contains beta-sitosterol, which in combination with phytosterols from pine supports prostate health.

Directions:

[2-3 capsules a day with meals.]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Libidextra Women

Item: 2302

Container: 30 vegetable capsules

Ingredients per 1 capsule:

• Evening primrose seed oil (stabilized with mixed tocopherols)	250 mg
• Fenugreek seed extract (Libifem™)	200 mg
• L-Arginine	30 mg
• Niacin (nicotinamide)	8 mg
• Biotin	40 mg
• Bulgarian rose oil from flowers	100 mcg
• Selenium (L-selenomethionine)	25 mcg

The patented complex Libifem™

Standardized Fenugreek extract supports sex drive and libido in women and helps alleviate the symptoms of menopause. Clinical studies have shown that women who take Libifem™ for 8 weeks have an increased sex drive¹. Additionally, after a 4-week course of Libifem™ in pre-menopausal and menopausal women, there was a 30% decrease in menopausal symptoms such as hot flashes and night sweats. These symptoms were cut in half after 12 weeks². Libifem™ was a finalist in the 2020 NutraIngredients Awards Asia.

Damask Rose Oil

A renowned aphrodisiac with an enticing scent. It helps stimulate your sensuality for a stronger attraction and puts you in a romantic mood.

Evening Primrose Oil

Gamma-linolenic and linoleic acids are among the wealthiest sources of unsaturated fatty acids. In various clinical studies, it has been shown to have a positive effect on physical and psychological well-being in premenstrual and menopausal syndromes and breast pain (mastalgia)³. Libidextra Women contains the highest quality evening primrose oil, obtained by cold pressing without chemical agents.

Liposomal Curcumin

Item: 2165

Container: 3.38 fl oz (100 ml)

Ingredients per 1 Serving:

- Cureit™ (Curcuma longa rhizome extract) 100 mg providing 50 mg of Curcumin;
- other ingredients.

Curcumin

The powdered rhizome of turmeric has been extensively used in India and other South Asian cuisines, and is an integral part of Ayurvedic medicine for a broad range of conditions. Turmeric is a powder from the roots of the *Curcuma longa* plant. A plant component with a wide range of beneficial properties. In particular, curcumin, a major active component of turmeric, is one of the most studied botanicals for its anti-inflammatory, anti-oxidant properties.*

Directions:

 × 1 [5 ml daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Liposomal Vitamin C

Item: 2166

Container: 3.38 fl oz (100 ml)

Ingredients per 1 Serving:

- Vitamin C 500 mg
- other ingredients.

Vitamin C

Plays many important roles in the body. In particular, it is key to the immune system, helping prevent infections. The human body does not store vitamin C, so people need to get this nutrient from their diet every day. Excess vitamin C in our system is excreted each day. Vitamin C helps in absorption of proteins, calcium, iron, vitamin E and other important vitamins and minerals. Vitamin C supports immune, hormonal, nervous and cardiovascular systems. Vitamin C is a strong antioxidant that can strengthen your body's natural defenses.*

Directions:

 × 1 [2.5 ml daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Lipostick Fit

Item: 2169
Item: 216904

Container: 15 Stick Packs
4 Boxes x 15 Stick Packs

Ingredients per 1 Stick Pack:

• Tangerine peel fermented	5g
• Noni fruit juice	300 mg
• Green Tea leaf extract	26 mg
• L-Carnitine	50 mg
• Green coffee bean extract	5 mg
• Black Pepper fruit extract	1 mg
• Burdock root powder	1 mg
• other ingredients.	

Tangerine Peel

Fermented Tangerine peel (*Citrus reticulata*) containing flavonoid complex as the main product component.*

Green Coffee Bean Extract

Green coffee bean extract is a source of caffeine, chlorogenic acid, and chromium. Chlorogenic acid helps to metabolize fatty acids more efficiently and to lower triglycerides in the liver, resulting in weight loss. Additionally, it slows down the formation of new fat cells. In combination with caffeine, chlorogenic acid accelerates lipolysis and stimulates the release of energy.*

Chromium

Chromium helps to maintain proper blood glucose level by increasing the sensitivity of cellular receptors to insulin. Chromium deficiency increases sweet cravings, which leads to the consumption of extra calories from "fast" carbohydrates.*

Green Tea Leaf Extract

Green Tea leaf extract is the richest source of antioxidants and a famous fat burner. Protects the body from oxidative stress, speeds up metabolism, and regulates blood sugar levels.*

L-Carnitine

L-Carnitine is an amino acid derivative with vitamin-like properties that enhances the breakdown of fats, directing them to mitochondria - the "energy stations" of cells, where fat is oxidized and energy is released. Helps to reduce fat deposits and prevents the accumulation of fat in cells.*

Noni

Noni fruit juice contains powerful antioxidants: the enzyme superoxide dismutase (SOD) and polyphenols, which neutralize free radicals, lower triglycerides and minimize the effects of oxidative stress.*

Black Pepper Fruit Extract

Black Pepper fruit extract improves blood flow to the gastrointestinal tract and controls the formation of new fat cells.*

Directions:

× 2

[take one stick pack twice a day, can be taken directly, or mixed with a glass of water or juice]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Item: 91865

Container: 90 Capsules

Ingredients per 1 Capsule:

• Cherry pedicle extract	150 mg
• Black currant leaf extract	150 mg
• Parsley leaf extract	75 mg
• Hibiscus flower extract	50 mg
• other ingredients.	

Cherry Pedicle

Improves the circulation of extracellular fluids (lymph) and vessel drainage, and thins the blood, preventing blood clot formation.*

Black Currant Leaf

Improves vascular tone by aiding in blood vessel dilation, helping to flush excess fluids from the body.*

Parsley

Helps cleanse the lymph vessels of accumulated toxins and improves lymph circulation and drainage. The contained vitamin C supports vessel elasticity and strength.*

Hibiscus Flower

Its antioxidant properties help to prevent blood vessel walls from thinning or being damaged.*

Memo-Prime

Item: 2181

Container: 30 Vegetable Capsules

Ingredients per 1 Capsule:

• Memophenol™ (French grape fruit extract Wild blueberry fruit extract)	300 mg
• Green tea leaf extract	50 mg
• Zinc	2.3 mg
• Vitamin B6	2 mg
• Folic Acid	100 mcg
• Vitamin B12	3 mcg
• other ingredients.	

Memophenol

Complex Memophenol™, which combines extracts of French grapes and wild blueberries rich in polyphenols. For this complex, the French grape varieties Pinot Noir and Chardonnay from the Champagne region were selected, which contain a large amount of catechins and resveratrol, giving these varieties exceptional antioxidant properties. Wild blueberry (*Vaccinium angustifolium* A.) contains phenolic acids, flavonols, and anthocyanins and helps to correct memory disorders. It's no wonder this berry is called the "brain berry." In the complex Memophenol™, these extracts act synergistically, increasing the overall effectiveness.*

Green Tea Leaf Extract

Green tea extract contains a large number of polyphenols, among which the most significant are catechin, epicatechin, gallic acid, and epigallocatechin. An important component of the extract is theanine amino acid, which promotes stress resistance and a reduction in tension and irritation.

Vitamins (B6, B9, B12)

Vitamins B6, B9, and B12 are involved in the transmission of nerve impulses from neuron to neuron, the synthesis of serotonin and choline, and improving blood circulation in the brain. Mood, mental activity, and sleep largely depend on these vitamins.*

Directions:

× 1

[one capsule per day before mid-afternoon]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

• Acetyl-L-Carnitine Hydrochloride	250 mg
• St. John's Wort herb extract	75 mg
• Gotu Kola leaf extract	50 mg
• L-Tyrosine	50 mg
• L-Theanine	40 mg
• Reishi mushroom extract	30 mg
• Reishi mycelium extract	20 mg
• Alpha-Lipoic acid	20 mg
• Ginger root extract	15 mg
• Ginkgo leaf extract	12 mg
• Rosemary leaf extract	5 mg
• Vitamin B6	2 mg
• Folic acid	50 mcg
• Vitamin B12	3 mcg
• other ingredients.	

Tyrosine and Theanine

These amino acids have a calming effect on the nervous system and take part in the formation of all kinds of memory, improve the mood and protect against stress.*

Ginger Root, Ginkgo Biloba, and Rosemary

Natural antioxidants improve blood circulation within the brain and vascular tone, and reduce fatigue and nervous tension.*

Reishi Mushroom

Calms an overexcited nervous system. The active compounds in the mushroom improve nerve cell functioning, lower cholesterol, help to dilate the blood vessels and strengthen blood flow.*

Vitamins (B6, B9, B12)

Improve brain functioning and ensure a healthy sleep cycle.*

Lipoic Acid

Neuron fuel.*

1

[one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Item: 2152

Container: 60 Vegetable Capsules

Ingredients per 1 Capsule:

• MSM (methylsulfonylmethane)	750 mg
• Vitamin C	50 mg
• Magnesium	4 mg
• Biotin	50 mcg
• other ingredients.	

MSM (Methylsulfonylmethane)

A bioavailable source of Sulfur, a structural component of the most important biomolecules: proteins, including those playing a role in the immune system, enzymes and hormones. Sulfur is a component of keratin, the main protein in the epidermis, hair and nails that plays a role in the formation of the main proteins in the connective tissues collagen and elastin.*

Biotin

The vitamin of youth and beauty, it helps maintain sufficient levels of keratin in the body, improves the condition of the hair and skin, strengthens the structure of the nails, and restores the function of the sebaceous glands.*

Vitamin C

Necessary for collagen and elastin synthesis, slowing down skin aging through its antioxidant action.*

Directions:  +  × 1 [one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

O!Mega-3 TG

Item: 2194 / 2191

Container: 30/90 Capsules

Ingredients per 1 Capsule:

- Omega-3 PUFA fish oil concentrate from oceanic fish (anchovies, sardines, mackerel, tuna) 650 mg
Including
 - EPA (Eicosapentaenoic acid) 360 mg
 - DHA (Docosahexaenoic acid) 240 mg
- Vitamin E (D-alpha-tocopherol) 6.71 mg

DHA (docosahexaenoic acid) and EPA (eicosapentaenoic acid)

Cold-water sea fish fat is a primary source of high-value Omega-3 PUFAs (EPA and DHA). The body cannot produce these nutrients and they must come from food or supplements. Omega-3 PUFAs play crucial roles in maintaining heart, immune, nervous, and eye health.

Vitamin E

Vitamin E in its active form, D-alpha-tocopherol, protects cells from oxidative stress.

Directions:

 +  × 3 [one capsule 3 times a day with meals]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

coralclub

Oceanmin
Dietary Supplement
15.1g (0.535 OZ) STICK PACKS
NET WT. 15g (0.53 OZ)

coralclub

Oceanmin
Dietary
Supplement
NET WT. 1g (0.035 OZ)

Ingredients per 1 Stick Pack:

- Deep ocean minerals concentrated powder 1 g

Magnesium

The main component of the composition for a reason: the characteristic symptom of its deficiency is fatigue, lethargy, low efficiency, insomnia, and irritability. It is magnesium that regulates the excitability and conductivity of nervous tissue in the human body, participates in the synthesis of most neuropeptides in the brain (neuropeptides regulate behavioral and adaptive responses, control circadian rhythms, eating behavior, and play an important role in the mechanisms of memory and learning). Magnesium provides relaxation of muscles (including the heart), and helps relieve spasms that often occur in muscles after intense physical activity or stress.*

Other composition minerals

It is well-known that the mineral composition of the body is represented by various macro- and microelements, each of which performs its own function, and together which ensure the coordinated work of all systems and organs. Oceanmin, in addition to magnesium, potassium, sodium, and calcium, contains trace marine minerals, which allows the body to select the minerals it needs "here and now", thus ensuring homeostasis.*

Directions:

[dissolve contents of one stick pack in 25.4 fl.oz (750 ml)
of room temperature water, mix well and drink during the day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Omega 3 Oranges

Item: 2113

Container: 30 Chewable Capsules

Ingredients per 1 Capsule:

- Fish oil 500 mg (EPA 80 mg; DHA 50 mg);
- other ingredients.

Fish Oil (Omega-3 PUFAs)

Omega-3 fatty acids, especially EPA and DHA, are important for children's health. Optimal levels of these fatty acids have a beneficial effect on children's cognitive abilities, memory, the ability to perceive information, and motor-visual coordination. Multiple studies have shown that Omega-3 supplementation might help to improve behavior, reduce hyperactivity, and boost attention in kids.*

Directions:  × 1 [children over four years old chew one capsule daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

• Rose hips fruit extract	200 mg
• Long Pepper fruit extract	100 mg
• Aspen bark extract	100 mg
• Deglycyrrhizinated Licorice root extract	100 mg
• Yarrow flower extract	50 mg
• Tansy flower extract	20 mg
• other ingredients.	

Rose Hips

Help remove parasites from the body.*

Aspen Bark

It fights opisthorchis intestinal flukes (cat liver fluke), that parasitize the liver and gall bladder and come from river fish. Aspen bark extract is also effective against parasites found in water and unwashed fruits, vegetables and herbs.*

Deglycyrrhizinated Licorice Root

Helps in GI tract healing and regrowth.*

Long Pepper Extract

Improves metabolism and digestion; normalizes the motor-secretory functioning of the GI tract.*

Yarrow Flower

Improves gastrointestinal tract functioning and helps heal mucous membranes.*

Tansy Flower

A well-known vermifugal remedy that reduces toxic and allergic symptoms along with digestive problems.*

Directions: 2 + × 2 [two capsules twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

ParaFight

Item: 2124

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

• Black Walnut leaf extract	150 mg
• Clove fruit extract	45 mg
• Gentian root extract	35 mg
• Chamomile flower extract	35 mg
• Long Pepper fruit extract	25 mg
• Yarrow plant extract	25 mg
• Althaea root extract	25 mg
• Garlic bulb	20 mg
• Mint leaf extract	20 mg
• Thyme leaf extract	20 mg
• Sage leaf extract	20 mg
• Oregano leaf extract	20 mg
• other ingredients.	

Black Walnut Leaf

It contains an active ingredient Juglone that possesses anthelmintic, antibacterial, and antifungal properties, and helps to improve bowel function.*

Thyme Leaf

It is a source of Thymol, which is especially effective against hookworm, whipworms and other exotic worms found in the large intestines of pets.*

Gentian Root

It has proven to be an effective natural anthelmintic.*

Long Pepper

It contains a chemical called Piperine, which has strong anticeptic properties.*

Garlic

Garlic improves the body's defenses and helps with a wide variety of health problems.*

Sage Leaf and Oregano Leaf

Sage leaf and Oregano leaf supplement the anthelmintic ingredients of the product with anti-inflammatory, antispasmodic, and astringent properties.*

Directions:

2  +  × 2 [two capsules twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Pau D'Arco Bark

Item: 2190

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

- Pau D'Arco Bark powder 500 mg
- other ingredients.

Pau D'Arco Bark

Pau D'Arco has a long history in herbal medicine around the world. In South American herbal medicine, it is considered to be anti-inflammatory, antibacterial, antifungal. In North America, it is known as a plant with antioxidant, antiparasitic, antiviral, antibacterial, and anti-inflammatory properties.*

Directions:  +  × 1-2 [one capsule once or twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Pau D'Arco with Mate

Item: 2125

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

• Pau D'Arco bark extract	200 mg
• Olive leaf extract	70 mg
• Mate leaf extract	30 mg
• other ingredients.	

Pau D'Arco Bark Extract

Pau D'arco bark extract contains high consistency of active ingredients, which significantly increases its effectiveness. It helps to slow down virus, enzyme and bacteria activity, improves the body's resistance to bacterial and viral infections, and boosts the immune system.*

Olive Leaf Extract

Olive extract protects blood vessels from damage, strengthens the immune system, and increases the vitality of the body.*

Mate Leaf Extract

Yerba mate (leaf extract) is a plant grown mainly in South America (Brazil, Paraguay, etc.). Mate enhances the healing effect of the Pau d'arco, and helps to saturate the blood with oxygen and nutrients. It helps to relieve fatigue and stress, improves mood, increases performance and resistance to stress.*

Directions:

3

× 1

[three capsules once a day before mid-afternoon with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Pau D'Arco with Selenium

Item: 2153

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

- | | |
|--------------------------|--------|
| • Pau D'Arco bark powder | 500 mg |
| • Vitamin C | 60 mg |
| • Selenium | 30 mcg |
| • other ingredients. | |

Pau D'Arco Bark

"A divine tree, granting strength and resilience", the Pau D'Arco Bark contains over 20 bioactive compounds that provide health benefits by blocking the growth and replication of pathogens and preventing cell death due to oxidative stress.*

Vitamin C

Necessary for selenium to be absorbed to its fullest extent possible, while strengthening blood vessel walls and taking part in the synthesis of protective proteins in the body.*

Selenium

One of the strongest antioxidants, this protects the body from the effects of stressful factors, preventing premature aging. This mineral has the capacity to stimulate immune cell activity, thanks to which the body's own defences are strengthened.*

Directions:  +  × 1 [one or two capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Pentokan

Item: 2141

Container: 20 Effervescent Tablets

Ingredients per 1 Tablet:

• Potassium	420 mg
• Vitamin C	100 mg
• Ribose	20 mg
• other ingredients.	

Potassium

Potassium normalizes the pH and electrolyte balances, maintaining them at constant levels within the body. It is important for heart health. Potassium deficiency increases the risk of arrhythmias. Simply put, potassium is necessary for carrying out the most important processes of vital activity: relaying nerve impulses (signal) in cells, ensuring a healthy heart rhythm, water-salt balance, and regulating cellular metabolism.*

Vitamin C

Vitamin C is necessary for supplying oxygen to muscle and tissues, while strengthening blood vessel walls and taking part in the synthesis of protective proteins in the body.*

Ribose

Ribose is a carbohydrate. It is involved in the synthesis of ATP molecules (adenosine triphosphate), which helps our body to preserve and use the energy for biochemical reactions. Ribose is part of some enzymes and is a structural component of cell membranes. Taking ribose with vitamin C ensures the optimal state of the body's cellular system during and after the processes of oxidative stress.*

Directions:

1-2

[one tablet dissolved in 2 fl oz (60 ml) of water or fruit juice once or twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

PhytoMix#1

Item: 91859

Container: 90 Capsules

Ingredients per 1 Capsule:

• Hawthorn berry extract	200 mg
• Motherwort leaf extract	130 mg
• Hibiscus flower extract	100 mg
• Coffee green seed extract	70 mg
• Skullcap root extract	30 mg
• other ingredients.	

Hawthorn Berry

Improves blood circulation in the heart muscle, as well as the brain, and helps dilate the blood vessels. Increases the elasticity and strength of blood vessel walls.*

Green Coffee Bean

contains valuable chlorogenic acids that are missing from roasted coffee. Green coffee dilates the blood vessels and improves blood flow.*

Motherwort Leaf

Gently calms and reduces vessel constriction.*

Skullcap Root

Regulates heart contraction rate.*

Hibiscus Flower

Contains beneficial antioxidants and has been found to lower blood pressure.*

Directions:

× 1

[two capsules once a day before mid-afternoon with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

PhytoMix for Women

Item: 2173

Container: 30 Vegetable Capsules

Ingredients per 1 Capsule:

• β -alanine	400 mg
• Lifenol® Hops extract	100 mg
• Flax seed lignan complex	30 mg
• Saffron flower extract	20 mg
• other ingredients.	

β -alanine

It is an amino acid that plays an important role in relieving symptoms such as hot flashes and night sweats that women often suffer from during menopause.*

Flax Seeds

They are one of the richest sources of lignans that have hormone-like activity. Lignans help to compensate the lack of female hormones in the body and support the health of the lacteal glands.*

Hop Cones

The Hop plant has a calming effect on the central nervous system, helps to reduce irritability, headaches, as well as improve the mood and sleep. Due to phytoestrogens, it aids in correcting the menstrual cycle and helps the synthesis of female hormones.*

Saffron Flower

It contains crocin and safranal - unique antioxidant and anti-stress components that improve emotional state.*

Directions:  +  \times 3 [one capsule three times a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Premium Spirulina

Item: 2163

Container: 200 Tablets

Ingredients per 1 Tablet:

- Spirulina 500 mg.

Spirulina

Spirulina combines the qualities of bacteria and algae and is a simple and environmentally friendly product, rich in an array of phytonutrients, vitamins and minerals. In the modern world, spirulina is often called a "superfood."

Spirulina is a vegetable protein and contains a complete set of all the essential amino acids. Interestingly, the protein in spirulina is absorbed 12 times more easily than protein in beef, which makes it an indispensable product for vegetarians and vegans.

The fat content in spirulina is only 2–4%, which is mostly omega 6 polyunsaturated fatty acids. Among them are linoleic and linolenic acids, which are very important for physical and mental health. They protect the body from premature aging, stress, age-related changes, various allergic reactions and inflammatory processes.

Spirulina is rich in vitamins A, E, F and group B. In its composition, you can find many macronutrients (calcium, potassium, magnesium) and trace elements (manganese, iron, zinc). The high content of antioxidants such as carotenoids, selenium and germanium is noteworthy. The use of spirulina helps to improve metabolism, detoxify the body, control weight and regulate cholesterol.*

Directions: 2  +  × 2 [two tablets twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Prenatal +

Item: 2140

Container: 30 Softgel Capsules

Ingredients per 1 Capsule:

• DHA (from fish oil)	200 mg
• Niacin	15 mg
• Vitamin E	13 mg
• Pantothenic acid	6 mg
• Zinc	2.25 mg
• Vitamin B6	1.9 mg
• Vitamin B2	1.5 mg
• Vitamin B1	1.2 mg
• Folate	400 mcg
• Iodine	150 mcg
• Biotin	50 mcg
• Selenium	30 mcg
• Vitamin D3	5 mcg
• Vitamin B12	3.5 mcg

Fish Oil (Omega-3 PUFAs)

They are important for the development of the nervous system. DHA is one of the key components that ensures the health of expectant mothers and their newborns.*

B Vitamins

B-group vitamins improve brain function and play an important role in metabolic processes in the formation of the fetus.*

Selenium and Zinc

Deficiency of these minerals in the body of pregnant women can lead to the risk of children being born with congenital anomalies.*

Vitamin D

It promotes calcium absorption. During pregnancy, this vitamin is especially needed, since without it, calcium is absorbed to a lesser extent.*

Vitamin E

It is important for child development and placenta functioning. It improves ovarian function and prevents miscarriage in the early stages of pregnancy.*

Iodine

It is important for normal functioning of the thyroid.*

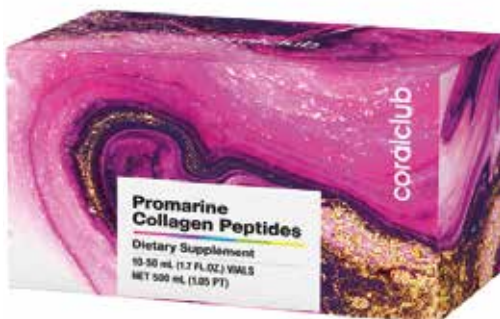

Directions:  +  × 1 [one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Promarine Collagen Peptides

Item: 2260
Item: 226003

Container: 10 Vials of 1.7 fl oz (50 ml)
3 Boxes x 10 Vials

Ingredients per 1 Vial:

- Hydrolyzed Fish (cod, pollock, haddock) Collagen 10 g
- Vitamin C 100 mg
- Vitamin B6 1.4 mg
- Spinach leaf powder 1 mg
- Biotin 50 mcg
- other ingredients.

Collagen Peptides

Collagen peptides (low molecular weight collagen) are short chains of amino acids that form the basis of collagen and keratin, one of the main proteins of the human body. Collagen is present in many organs and tissues, and 2/3 of the skin consists of collagen, which determines its elasticity, smoothness and density. After 25 years of age, collagen production begins to decline, and by the age of 60, no more than half of the original level may remain in the body. With age, collagen fibers become thicker, their number and elasticity decrease, which leads to sagging and thinning of the skin, and the appearance of static wrinkles. There are currently 28 different types of collagen identified. More than 90% of the collagen in the skin is of the 1st and 3rd types, therefore their replenishment is especially important to prevent age-related changes.*

Vitamin C

Vitamin C stimulates the production of collagen, elastin, and hyaluronic acid by fibroblasts. Biotin, or "beauty vitamin", is a source of sulfur, which is necessary for the synthesis of keratin - the main structural protein of hair and nails. Biotin also regulates the sebaceous glands, reduces skin flaking, and prevents clogging of pores.*

Vitamin B6

Vitamin B6 is essential for the synthesis of amino acids and stimulates metabolic processes in the skin and mucous membranes.*

Blueberries and Spinach

Anthocyanins, flavonoids, vitamins A, C, PP included in their composition strengthen the walls of blood vessels and protect collagen fibers from destruction.*

Directions:

× 1

[take one serving (50 ml) per day, can be taken directly, or mixed with a glass of water or juice]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

coralclub

Protivity Ultra

Dietary
Supplement

150 CAPLETS

Protivity Ultra

Item: 2178

Container: 150 Caplets

Ingredients per 1 Serving (5 Caplets):

• L-Leucine	1.25 g	• L-Glutamine	500 mg
• L-Isoleucine	625 mg	• L-Citrulline	400 mg
• L-Valine	625 mg	• L-Threonine	300 mg
• L-Lysine HCl	600 mg	• L-Histidine HCl	200 mg
• L-Arginine	500 mg	• L-Cysteine	100 mg
• L-Phenylalanine	500 mg	• other ingredients.	

Amino acids

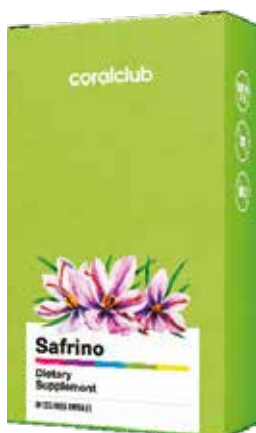

This is a balanced composition of essential (valine, leucine, isoleucine, lysine, threonine, phenylalanine, histidine), nonessential (arginine, glutamine, citrulline), and conditionally-essential (cysteine) amino acids. It has minimum calories (only 7 kcal, 0.3 g of carbohydrates and 1 g of protein in each tablet), and consists of easily-digestible amino acids with a high degree of availability and efficiency, obtained by modern biotechnological methods (fermentation and hydrolysis).

Amino acids make up proteins, which are complex organic substances consisting that form the basis of all cellular structures, from which our muscles, internal organs, skin, hair, nails, and other tissues are built. In addition, they regulate metabolism, help build immunity, accelerate and direct chemical reactions, and are responsible for tissue repair.

Protivity Ultra is the best and fastest way to get ready-made amino acids. The balanced composition of this amino acid complex provides the body with nutrients that are quickly absorbed. This can be helpful to those who have an unbalanced diet, are undergoing various restrictive diets, and are lactose intolerant. In addition, this product can be beneficial in case of problems with the digestive processes, increased physical and intellectual stress, to accelerate regeneration after injuries, and with weakened immunity and loss of strength.

Directions: 50 × 1 [take 5 caplets each day with an 8-12 oz. glass of water]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

• Myo-Inositol	350 mg
• Safr'Inside™ Saffron (<i>Crocus sativus</i> L.) stigma extract	30 mg
• Zinc	2.3 mg
• other ingredients.	

Safr'Inside™

The only encapsulated saffron extract available today. The extract manufacturer, French biotech company Activ'Inside, uses a high concentration of Iranian Sargol saffron. The patented gentle extraction process preserves the active substances of saffron and provides the highest content of safranal (2%), which is 10 times more than in non-encapsulated saffron extracts. Saffron extract slows down the breakdown of serotonin by 50% while reducing the secretion of the hormone cortisol by 44%. These hormones are directly related to the body's ability to cope with stress.*

Myo-Inositol

Out of all the nine isomers of inositol, Myo-Inositol has the highest biological activity, is best absorbed, and therefore acts fastest. The highest concentration of inositol is found in the brain since it plays an essential role in transmitting nerve impulses and is involved in dopamine and serotonin synthesis. These actions together can help increase the body's resistance to stress.*

Directions:  × 1 [one capsule daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Selenium

Item: 2111

Container: 100 Vegetable Capsules

Ingredients per 1 Capsule:

- | | |
|----------------------|--------|
| • Vitamin C | 75 mg |
| • Selenium | 75 mcg |
| • other ingredients. | |

Selenium (L-selenomethionine)

Selenium is a vital mineral for the human body as it increases immunity, enhancing the body's resistance against diseases and stress. It contributes to thyroid hormone metabolism, and helps protect against oxidative damage. Selenium can benefit heart health by its ability to fight inflammation, increase blood flow, and help with antioxidant activity. Selenium is critical for both male and female reproductive health.*

Vitamin C

Increases the antioxidant properties of Selenium, protects from oxidative stress and strengthens the blood vessels.*

Shark Liver Oil

Item: 2172

Container: 60 Capsules

Ingredients per 1 Capsule:

- | | |
|----------------------|--------|
| • Shark Liver Oil | 300 mg |
| • Squalene | 275 mg |
| • other ingredients. | |

Shark Liver Oil

Shark liver oil is an amazing natural remedy for improving health. For the variety of nutrients contained in shark liver oil, it is called "gray gold." For centuries, this fat has been used by coastal populations as a remedy for immunodeficiency disorders, infections, allergies, to improve wound healing and as an anti-stress agent. The product boosts the immune system and speeds up recovery after illnesses and stress. Modern studies have confirmed that the extraordinary benefits of this product are due to its content of alkylglycerides, squalene, omega-3 polyunsaturated fatty acids, and the vitamins A, E, and D.*

Squalene

Squalene has both antihypoxant and antioxidant properties, and helps maintain the normal course of many biochemical processes (the formation of coenzyme Q10, cholesterol, bile acids, vitamin D, sex and other steroid hormones) under conditions of oxygen deficiency and oxidative stress, as well as preventing the formation of fatty plaque and the blockage of blood vessels.*

Silver-Max

Item: 91619

Container: 4 fl. oz. (118 ml)

Ingredients per 1 Serving (2.5 ml):

- | | |
|-------------------|--------------|
| • Purified Silver | 35 mcg |
| • Purified water | up to 2.5 ml |

Colloidal silver

It is effective against more than 350 types of harmful bacteria, without causing any toxic side effects. Silver destroys pathogenic bacteria without harming beneficial microbial flora. Anti-inflammatory properties of silver are best demonstrated when used on a festering wound. Silver cleanses the wound quickly, thus speeding up the healing process. Silver is actively involved in the metabolic processes and regulates energy metabolism.*

Directions: $\frac{1}{2}$  \times 1-2 [half a teaspoon (2.5 ml)
once or twice a day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Slim by Slim

Item: 91674

Container: 30 Stick packs (6 g)

Ingredients:

- FOS (Cichorium intybus root fiber) 2 g
- Citrus peel extract powder (Citrus unshiu) 0,8 g
- Persimmon fruit extract powder (Diospyros kaki thunb) 0,7 g,
- Goji berry extract powder (Lycium chinense mill) 0,7 g,
- Garcinia fruit extract powder (Garcinia cambogia) 0,5 g,
- Green tea leaf extract powder (Camellia sinensis) 0,3 g,
- Taurine 0,25 g,
- Vitamin C (Ascorbic acid) 0,1 g,
- other ingredients.

Contains sweetener. May have a laxative effect if consumed in excess.

Garcinia fruit extract

Garcinia cambogia can help to lower cholesterol level, improves immune system and makes weight loss much easier to accomplish.

Citrus peel extract

Citrus peels benefit the digestive, cardiovascular and immune systems by reducing the level of lipids in the blood, liver and blood vessels.

Persimmon fruit extract

Persimmons restore intestinal tone by intensifying peristalsis.

Goji fruit extract

It helps to provide high levels of antioxidants and nutrients.

Green tea leaf extract

The health benefits of green tea leaf extract are mostly due to its high antioxidant content.

Directions: 1-3  +  × 1 [mix 1-3 stick with warm or hot water. Drink with meals, once a day for 30 days]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Choco Almond Bar

Item: 91684

Bar: 1.34 oz (38 g)

Ingredients – Almond butter, Agave, Dates, Chocolate chips, Rice crisps, Walnuts, Cocoa powder, Sprouted flax seeds, Cocoa butter.

Choco Spirulina Bar

Item: 91692

Bar: 1.56 oz (44 g)

Ingredients – Oats, Rice syrup, Chocolate, Agave, Cashew butter, Raisins, Spirulina, Cashew pieces, Cinnamon.

Coral Protein Bar

Item: 91686

Bar: 1.62 oz (46 g)

Ingredients – Rice protein; Agave syrup; Date paste; Almond butter; Chocolate chips; Cranberries; Cranberry juice powder; Sprouted flax seeds; Sesame seeds.

SuperBlueberry Bar

Item: 91649

Bar: 1.34 oz (38 g)

Ingredients – Almond butter, Dates, Blueberries, Agave nectar, Sprouted flax seeds.

SuperChlorella Bar

Item: 91691

Bar: 1.34 oz (38 g)

Ingredients – Cashew butter; Date paste; Tapioca; Rice protein; Cashews; Chlorella; Alfalfa; Pineapple; Sesame seeds.

SuperMango Bar

Item: 91694

Bar: 1.34 oz (38 g)

Ingredients – Mango; Raisins; Agave; Quinoa crisps; Tapioca; Sea salt; Olive oil.

SuperSpirulina Bar with Macadamia Nuts

Item: 91681

Bar: 1.34 oz (38 g)

Ingredients – Cashew butter; Date paste; Agave syrup; Rice protein; Raisins; Macadamia nuts; Spirulina; Sprouted flax seeds; Quinoa sprouts; Sesame seeds.

Super Bars are healthy food products that contain only organic plant ingredients: nuts, fragrant pieces of fruit, brown rice protein, and biologically active plant ingredients such as spirulina or chlorella algae, sprouted flax seeds, quinoa, wheat or barley juice, etc. These nutritional ingredients provide a source of essential polyunsaturated fatty acids (PUFAs) omega-3, -6, -9, as well as contain

a complex of amino acids, vitamins and minerals, and fiber. The bars do not contain refined sugar, preservatives, artificial colors, or flavor enhancers, and have a great taste and nutritional qualities. They are useful for children, adults, and anyone who leads a healthy lifestyle and cares about the health of their loved ones.

"Super Bars" are a source of health, vitality, energy, and a good mood!

Super-Flora

Item: 2150

Container: 90 Vegetable Capsules

Ingredients per 1 Capsule:

- | | |
|---|-------|
| • Bifidobacterium longum 100 billion cfu/g | 33 mg |
| • Inulin | 25 mg |
| • Lactobacillus acidophilus 200 billion cfu/g | 11 mg |
| • other ingredients. | |

Probiotics (Bifidobacterium and Lactobacillus)

Healthy microorganisms suppress the growth of pathogenic bacteria in the gastrointestinal tract and help to restore a healthy microflora balance. They improve digestion and metabolism, and take part in the synthesis of the vitamins and enzymes your body needs to provide effective absorption of nutrients. They prevent food allergies and toxicoses and increase the body's tolerance to pathogens by strengthening immune defense factors.*

Inulin

This well-known plant-based prebiotic is a source of dietary fiber required by the gastrointestinal tract. Inulin stimulates growth of the good bacteria already found in your large intestine, improving the health of your microbiome. Moreover, inulin is highly absorbent, improving intestinal peristalsis and helping to flush out toxins.*

Directions:  × 1-2 [one capsule once or twice a day before a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Synergizer Orange & Mango

Item: 2161

Container: Powder 0.88 oz (25 g)

Ingredients per 1 Serving:

Taurine 600 mg; Magnesium 50.4 mg; L-citrulline 315 mg; L-carnitine 300 mg; D-glucuronolactone 300 mg; L-glycine 200 mg; Green tea extract 50 mg; Guarana seed extract 50 mg; Niacin 16 mg; Pantothenic acid 5 mg; Vitamin B6 1.4 mg; Vitamin B1 1.1 mg; Vitamin B2 1.4 mg; Chromium 50 µg; other ingredients.

Amino Acid Complex

A deficiency of Taurine can lead to metabolic disturbances in every cell of the body. Taurine is present in energy drinks because it helps to restore and strengthen muscles quickly. It also improves blood circulation and metabolic processes in the heart muscle, supports the nervous system in stressful situations, improves one's psychological state, and lowers blood sugar levels.*

Glycine affects the activity of all reactions during energy synthesis from carbohydrates. Therefore, with excessive physical exertion or stress, its internal reserves are quickly consumed and need replenishment.*

Citrulline accelerates muscle recovery after exercise, reduces muscle fatigue, and improves energy and metabolism in the cardiac muscle. It also activates the synthesis of arginine, which helps to saturate muscles with nutrients and oxygen. This has a positive effect on overall physical activity.*

B Vitamins Complex

B Complex Vitamins (B1, B2, PP, B6, Pantothenic Acid) help your body convert food into energy.*

Magnesium, Sodium and Chromium

Magnesium, sodium and chromium take an active part in the metabolism of fats and carbohydrates, as well as the water-salt balance and energy exchange.*

Directions:

x 1

[one leveled measuring spoon (25 g) of powder mixed with 8.5 fl oz (~250 ml) of water and stir well, take one serving a day]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Tasty B

Item: 2187

Container: 30 Chewable Tablets

Ingredients per 1 Tablet:

• Niacin	16 mg
• Vitamin B6	1.4 mg
• Vitamin B2	1.4 mg
• Vitamin B1	1.1 mg
• Folic acid	200 mcg
• Biotin	50 mcg
• Pantothenic Acid	6 mg
• Vitamin B12	2.5 mcg
• other ingredients.	

V Vitamin B1

Plays a vital role in cell metabolism and maintaining a healthy nervous system.*

V Vitamin B2

Plays a crucial role in the metabolism of nutrients, and in the production of energy, which fuels the body (ATP). Riboflavin is important for eye health; helps to detoxify the liver; plays an important role in protecting the nervous system.*

V Niacin

Maintains metabolism and provides energy, reduces cholesterol levels, which prevents the thickening of artery walls. Niacin helps to improve mental health.*

V Pantothenic Acid

Serves its role in the brain by promoting the CNS, helps to boost the immune system. This vitamin helps to increase the stamina of the body.*

V Vitamin B6

Helps to maintain the health of the nervous and cardiovascular systems together with Vitamins B9 and B12. Plays an important role in B12 vitamin absorption.*

V Biotin

This “vitamin of youth and beauty” helps maintain sufficient levels of keratin in the body, improves the condition of hair and skin, prevents premature hair loss, and strengthens the structure of the nails, stopping them from splitting and peeling, restores the function of the sebaceous glands, affecting fat content in skin cells, including those of the scalp.*

V Folic Acid

One of the most important functions of Folic Acid is in the cardiovascular system of the body, hemoglobin synthesis and red blood cell formation. It is also required for the synthesis of nucleic acids, which contain heritable genes. Folic acid improves ovarian function and plays an important role in reproduction, increasing the synthesis of the female sex hormones estrogen and progesterone.*

V Vitamin B12

Vitamin B12 boosts mood and helps the CNS to function properly, helps to prevent anemia and maintain energy level, can help lower the risk of memory loss.*

Directions:  +  × 1 [chew one tablet daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ultimate Max

Item: 2175

Container: 60 Vegetable Capsules

Ingredients per 1 Capsule:

Vitamin A 900 mcg RAE (3000 IU); Vitamin C 80 mg; Vitamin D 5 mcg (200 IU); Vitamin E 20 mg; Thiamine 1.1 mg; Riboflavin 1.4 mg; Niacin 8 mg NE; Vitamin B6 1.4 mg; Folic Acid 100 mcg DFE; Vitamin B12 2 mcg; Biotin 50 mcg; Pantothenic Acid 5 mg; Choline 50 mg; Iodine 50 mcg; Magnesium 20 mg; Zinc 5 mg; Selenium 50 mcg; Copper 0.5 mg; Manganese 1 mg; Chromium 40 mcg; Molybdenum 12 mcg; Potassium 10 mg; Inositol 50 mg; PABA 50 mg; Citrus Bioflavonoid Complex (Lemon, Grapefruit, Orange, Key lime, and Mandarin) 50 mg; Proprietary herbal blend (Hesperidin, Bilberry fruit extract, Acai, and Tomato powder) 20 mg; other ingredients.

V Vitamin A

Vitamin A is called the "vitamin of vision", it maintains the normal function of the retina and helps to adapt vision to low light conditions. Promotes normal metabolism, supports the immune and reproductive systems. In the product it is presented in the form of beta-carotene - one of the most easily and fully assimilated forms of vitamin A.*

V Vitamin C

The most important antioxidant that strengthens the immune system and protects the cells of the body from damage. Essential for the synthesis of collagen, it accelerates the healing of skin lesions. The source of vitamin C in the product is mineral ascorbates.

Vitamin C of them is more stable, less irritating to the mucous membrane and additionally enriches the body with magnesium and calcium.*

V Vitamins D and E

Vitamins of natural form are necessary for the normal functioning of the immune, nervous, cardiovascular, musculoskeletal, and reproductive systems.*

V B Vitamins

The product contains the entire spectrum of B vitamins, which are important for the metabolism, the functioning of the nervous and cardiovascular systems, digestion, skin health, hair and nails. The need for B vitamins increases during stressful situations and high physical exertion.*

M Minerals

Minerals (chromium, selenium, copper, zinc, manganese, molybdenum, magnesium)

The minerals in the product are represented by organic salts: zinc and magnesium citrates, chromium picolinate, copper bisglycinate, manganese gluconate. Organic compounds have significantly better bioavailability and efficiency.*

M Iodine

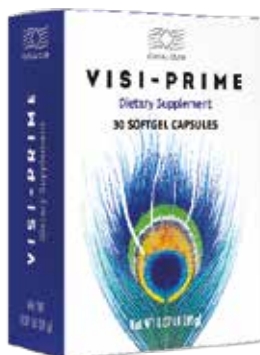

The source of iodine is the brown seaweed kelp. Iodine is involved in the synthesis of thyroid hormones, which in turn, regulate all types of metabolism in the body.*

Phytonutrient Complex

A complex of bioflavonoids from various citrus and berry crops - lemon, grapefruit, orange, lime, tangerine, blueberry, acai and tomato. These are excellent antioxidants, the best defenders of the heart and blood vessels. In synergy with vitamins, they ensure the strengthening and elasticity of blood vessels, improve blood microcirculation, and prevent the formation of blood clots.*

Directions:  +  × 2 [one capsule twice a day with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Ingredients per 1 Capsule:

- Fish oil (EPA 250mg; DHA 30 mg) 500 mg
- Vitamin E 12 mg (18 IU)
- Zinc 10 mg
- Lutein 10 mg
- Zeaxanthin 2 mg
- Riboflavin 1.4 mg
- other ingredients.

Polyunsaturated Fatty Acids Omega 3

Polyunsaturated Fatty Acids Omega 3 help to prevent dry eye symptoms, the development of inflammatory processes and to benefit overall eye health.*

Vitamins B2, E and Zinc

Vitamins B2, E and Zinc help to decrease the risk of cataracts and age-related macular degeneration.*

Lutein, Zeaxanthin

Lutein and zeaxanthin are two types of carotenoids (yellow to red pigments found widely in vegetables and other plants) with antioxidant properties that help to protect eye cells from UV induced damage, prevent the retinal degeneration due to aging or the influence of the external factors.*

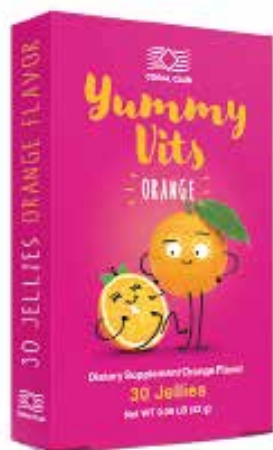

Directions:  × 1 [one capsule daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Yummy Vits

Item: 2126

Container: 30 Jellies (orange flavor)

Ingredients per 1 Jelly:

• Choline	20 mg
• Vitamin E	3.5 mg (5 IU)
• Pantothenic acid	1 mg
• Vitamin B6	0.6 mg
• Vitamin A	0.49 mg (833 IU)
• Folate	100 mcg
• Iodine	20 mcg
• Selenium	10 mcg
• Vitamin D3	5 mcg (200 IU)
• Vitamin B12	0.5 mcg
• other ingredients.	

Vitamins A, E, C and Selenium

Vitamins A and E are active antioxidants that support the immune and cardiovascular systems. They also help to recover after intense exercise, and improve overall health.*

B Vitamins

Group B Vitamins (B4, B5, B6, B9 and B12) are necessary for the normal growth and development of the body. They help to improve the condition of the skin, nails, and hair, and to stabilize the psycho-emotional state. They have positive effect on the central nervous system and cognitive abilities, such as memory, concentration, and problem solving.*

Vitamin D

Vitamin D helps to normalize the metabolism of calcium and phosphorus in the body, and has a positive effect on bones and teeth.*

Iodine

Iodine is important for the normal functioning of the endocrine system, and the full development of the brain.*

Xylitol, Sorbitol

Xylitol, sorbitol, and natural flavors provide sweetness, pleasant citrus taste, and are safe for dental enamel.*

Directions:

× 1

[children over four years old chew one jelly daily]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

Zaferan

Item: 91873

Container: 60 Capsules

Ingredients per 1 Capsule:

- Curcuma extract 120 mg
- other ingredients.

Curcuma (Turmeric)

This bright yellow root related to ginger is prized for its high concentrations of biologically-active flavonoids called curcuminoids, the best known of which is curcumin. Turmeric has a positive effect on gallbladder and liver function, improving the bile excretion and drainage, while protecting the liver cells from the effects of foodborne toxins and household chemicals. Being rich in antioxidants, turmeric prevents oxidative damage and helps detoxify the liver. Turmeric regulates metabolism, including protein absorption.*

Directions:  +  × 1 [one capsule daily with a meal]

* These statements have not been evaluated by the Food and Drug Administration. The product is not intended to diagnose, treat, cure or prevent any disease.

A pink orchid in a glass vase on a red surface next to a Coral Club product box. The box is red and white, with the Coral Club logo and product details. The background is a solid red color.

Complete Solutions

The human body is very complex. It is made up of trillions of cells, which are arranged into tissues, organs and systems. For optimal health, the body needs a variety of nutrients that help all the systems and organs operate at their best. Navigating through the world of vitamins, minerals and trace elements can be just as complex as the human body, so we've carefully selected sets of products that are not only beneficial for the body on their own, but work well together. Our packs offer a single structured solution for seemingly complex issues.

coralclub

Cardiopack

Dietary Supplements

CORAL MAGNESIUM 90 CAPSULES, CORAL TAURINE
60 CAPSULES, COENZYME Q10 100 mg 60 CAPSULES,
PENTOKAN 60 EFFERESCENT TABLETS

TOTAL: 210 CAPSULES AND 60 EFFERESCENT TABLETS, 60 DAY PROGRAM

Cardiopack

Item: 803701

60 day program

The set consists of:

- PentoKan (3 tubes, 60 effervescent tablets)
- Coenzyme Q10 (60 capsules)
- Coral Taurine (60 capsules)
- Coral Magnesium (90 capsules)

Cardiopack is the ultimate set curated to promote a healthy heart and provide essential nutrients and energy for optimal cardiovascular system function.

PentoKan is a source of potassium, vitamin C and ribose. Potassium is an essential nutrient used to maintain the electrolyte balance in the body. Potassium plays an important role in ensuring optimal heart health. Effervescent tablets increase the bioavailability of potassium for the body.

Coenzyme Q10 (Ubiquinone) supports cellular energy production and is patented by the highly reputable Japanese corporation, Kaneka. Derived from biotechnological yeast, Coenzyme Q10 was developed to support the body's energy production. High concentrations of ubiquinone are found in heart muscle cells, therefore, a sufficient amount of this substance is especially important for their proper function.

Coral Taurine is a highly bioactive taurine amino acid which has a beneficial effect on heart muscle function, regulates the metabolism of calcium, potassium, magnesium and sodium, and helps support stable for a stable heart rhythm. This product improves energy exchange, and helps to prevent heart muscle aging.

Coral Magnesium is a source of magnesium. This dietary supplement supports cardiovascular health and neuromuscular tissue function. The product contributes to the synthesis of enzymes, normalizes metabolism, and actively regulates the calcium and sodium balance on a cellular level.

Coral Detox

Item: 803503

30 day program

The set consists of:

- Assimilator (90 vegetable capsules)
- H-500 (60 capsules)
- Coral Lecithin (120 capsules)
- Coral-Mine (30 sachets)

Coral Detox is a set of products that help promote detoxification. This complex approach assists with the natural flushing out of bodily impurities, cellular health, and overall vitality.

Assimilator and **Coral Lecithin** help remove fat-soluble toxins. Assimilator promotes a healthy metabolism and may help to slow down toxin creation. Coral Lecithin helps protect cell membranes from damage by toxins.

H-500 is an antioxidant that protects the organism from oxidative stress and increases stamina during workouts.

Coral-Mine is a product from Japan made of deep-sea coral sand (scleractinians). It enriches water with minerals, thereby promoting better hydration and supporting the detox process.

Coral Detox Plus

Item: 803601

30 day program

The set consists of:

- Assimilator (90 vegetable capsules)
- H-500 (60 capsules)
- Coral Lecithin (120 capsules)
- Coral-Mine (30 sachets)
- PentoKan (2 tubes, 40 effervescent tablets)
- Coral Alfalfa (120 capsules)

Coral Detox Plus is an advanced version of the Coral Detox set that helps cleanse the organism, protect cells, increase vitality and boost your immune system

Assimilator and **Coral Lecithin** help remove fat-soluble toxins. Assimilator promotes a healthy metabolism and slows down toxin creation. Coral Lecithin protects cell membranes from damage by toxins.

H-500 is an antioxidant that protects the organism from oxidative stress and increases stamina during workouts.

Coral Lecithin helps to promote a healthy heart, brain, and liver.

Coral-Mine Coral-Mine is a product from Japan made of deep-sea coral sand (scleractinians). It enriches water with minerals, thereby promoting better hydration and supporting the detox process.

PentoKan is a unique combination of potassium, vitamin C and ribose. It promotes effective regulation of intracellular metabolism, as well as helps to boost energy levels.

Coral Alfalfa is a dietary supplement based on the leaf and concentrated juice of the alfalfa plant. It contains biologically active substances that positively impact health, support the immune system, boost vitality, aid digestion, and offer cleansing benefits.

Go Detox

Item: 1210

14 day program

The set consists of:

- **Packet 1:** 14 Vitamin/Mineral/Herb Packets
- **Packet 2:** 8 Vitamin/Mineral/Herb Packets
- **Packet 3:** 6 Vitamin/Mineral/Herb Packets
- Go Detox Powder (16 Pouches)
- Super-Flora (30 vegetable capsules)

Go Detox is an innovative 14-day cleansing program designed to restore your body's natural balance and minimize occasional daily discomfort.

Stage 1. Detox

The active components of the products at stage 1 help to support normal gastrointestinal track function, build a healthy gut microbiome, support absorption of vitamins and minerals, and help intestinal motility.

Stage 2. Purge

The main ingredient of this stage is a mixture made of Go Detox Powder, which contains prebiotic inulin - a source of soluble plant fiber. It expands in the intestines and pushes out all stagnant contents,

thereby cleansing the intestines. The second stage of the program, contains 8 packages of No. 2 and 8 Super-Flora capsules. Second stage duration is 4 days.

Stage 3. Restore

The Final stage is Restoration. These products help to restore the intestinal microflora as well as improve nutrient absorption via a mix of probiotic cultures, prebiotics and digestive enzymes.

Go Detox Light

Item: 120101

14 day program

The set consists of:

- **Stage 1:**
D-Tox I (20 vegetable capsules)
D-Tox II (20 vegetable capsules)
GreenGreen (20 vegetable capsules)
- **Stage 2:**
Light Mix (12 stick packs)
- **Stage 3:**
Assimilator (20 vegetable capsules)
GreenGreen (20 vegetable capsules)
Super-Flora (30 vegetable capsules)

Go Detox Light is a 14-day program that gradually cleanses and detoxes your body while supporting improvement in digestion, metabolism, and skin health. With a 3-stage process of Detox, Purge, and Restore, this program uses plant-based nutrients, probiotics, and enzymes to restore your body's vitamin and mineral balance for optimal digestive function.

Stage #1. Detox

It contains 3 plant extract complexes, promoting detoxification and strengthening the body's immune response. The GreenGreen complex contains dietary fiber, vitamins, and minerals, which influence gut function and help expel toxins and metabolic waste.

Stage #2. Purge

The effect of the active components in the Light Mix powder (psyllium husk powder, flaxseed, and prunes) are enhanced by the fiber in GreenGreen. The powder drink gently cleanses the intestinal tract, restores mucous membranes, and positively impacts microflora.

Stage #3. Restore

After the cleanse, the probiotics, enzymes, and phytonutrients in GreenGreen and Super-Flora restore nutrients to the digestive system and establish a solid base for good health.

The products in the program are:

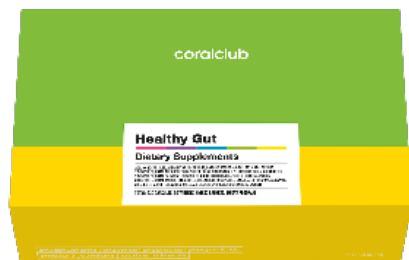

D-Tox I, D-Tox II

Phytonutrients help reduce swelling and pain and repel pathogens to support detoxification and improve liver and digestive performance.

Healthy Gut

Item: 80510130

30 day program

The set consists of:

- **1st Phase:** Super-Flora, Zaferan, Coral Black Walnut, Papaya, Coral Alfalfa, Coral Lecithin, Coral Burdock Root, Cascara Sagrada, Coral Carnitine.
- **2nd Phase:** Super-Flora, Zaferan, Coral Lecithin, Assimilator, Coral Artichoke, Coral Magnesium, AquaOx.
- **3rd Phase:** Super-Flora, Papaya, Coral Alfalfa, Coral Magnesium, Coral Taurine, O!Mega-3 TG, Coral Burdock Root, Premium Spirulina.

Healthy Gut is a set of products designed to cleanse and help restore your intestinal flora. It is allocated for 30 days and divided into 3 phases: cleansing, reformation, and normalization.

Each phase is designed to work together with specific dietary recommendations.

1st Phases (days 1-10)

Cleanses the gut and supports bowel function. Detoxification removes toxins and aids in the elimination of parasites during occasional exposure. Products: Super-Flora, Zaferan, Coral Black Walnut, Papaya, Coral Alfalfa, Coral Lecithin, Coral Burdock Root, Cascara Sagrada, Coral Carnitine.

2nd Phases (days 11-20)

Restores healthy gut bacteria, helps improve digestion and nutrient absorption. Boosts intestinal secretory function.

Products: Super-Flora, Zaferan, Coral Lecithin, Assimilator, Coral Artichoke, Coral Magnesium, AquaOx.

3rd Phase (days 21 to 30)

Supports digestion and restoration of intestinal flora. Helps improve vitamin-mineral balance and support metabolic processes. Products: Super-Flora, Papaya, Coral Alfalfa, Coral Magnesium, Coral Taurine, O!Mega-3 TG, Coral Burdock Root, Premium Spirulina.

Hydramax

Item: 803801

30 day program

The set consists of:

- Coral-Mine (30 sachets)
- PentoKan (60 effervescent tablets)
- H-500 (60 capsules)

This pack supports optimal hydration of the whole body. The products in the pack help to normalize the water-salt and acid-base balance in the body, improve the quality of the water you drink, and help increase endurance and stamina.

PentoKan

PentoKan promotes effective regulation of intracellular metabolism. Potassium is an essential nutrient used to maintain the electrolyte balance in the body. This mineral is essential for the body to produce the energy needed for physical activity.

Coral-Mine

Coral-Mine is a natural product from Japan made of deep-sea coral (scleractinias) collected in the Sea of Japan near the islands of Okinawa and

Tokunoshima. It contains calcium, magnesium, potassium, iron, phosphorus, sulfur, silicon, chromium, manganese, zinc, and other minerals. A sachet placed in water enriches it with beneficial minerals and restores the water-salt balance. The components promote the growth of bone and connective tissue, are beneficial for overall health, and have a mild tonic effect on the body.

H-500 is an antioxidant that protects the organism from oxidative stress and increases stamina during workouts.

coralclub

Immunity Pack

Dietary Supplements

LIPSONAL VITAMIN C 100 MG, LIPSONAL VITAMIN D3 40 IU,
PRO D-FANCO WITH HYALURONIC ACID CAPSULES,
SHARK LIVER OIL 90 CAPSULES, CORAL BONE 30 SACHETS

TOTAL: 100 MG, 100 CAPSULES AND 30 SACHETS, 30 DAY PROVISION

Immunity Pack

Item: 803901

30 day program

The set consists of:

- Pure-C 500 mg (60 vegetable capsules)
- D-Spray 2000 (10 ml)
- Pau D'Arco with Selenium (90 vegetable capsules)
- Shark Liver Oil (60 capsules)
- Coral-Mine (30 sachets)

Immunity Pack is a set designed to strengthen your natural immunity.

Pure-C 500 mg

Contains vitamin C from the patented ingredient PUREWAY-C™. This is a clinically researched combination of L-ascorbic acid with a blend of plant-based fatty acids and bioflavonoids from citrus fruits. These additional ingredients help to enhance absorption, distribution and release of vitamin C in the body.

D-Spray 2000

A high-dose vitamin D3 in a convenient spray form for comfortable use. 1 spray = 50 µg/2000 IU. A proper amount of vitamin D3 in the body depends on timely immune cell activation.

Pau D'Acro with Selenium

The ant tree bark contains valuable substances naphthoquinones (lapachol, beta-lapachol, and xylodin), which activate various types of immune cells and interfere with the functioning of pathogenic microorganisms. The trace element selenium regulates the number of cells of the immune system, supporting both innate and acquired immunity. The synergistic complex of selenium with vitamin C strengthens the immune system and helps to alleviate the condition in inflammatory diseases.

Shark Liver Oil

This is a natural product and a source of the valuable natural substances squalene and alkyl glycerides. Squalene has an antioxidant and antihypoxic effect and accelerates the healing of damage to the skin and mucous membranes. Alkyl glycerides increase the body's resistance to various diseases, accelerating the production of immune cells responsible for the destruction of various pathogens.

Coral-Mine

This mineral composition of relic corals contains useful macro- and microelements (calcium, magnesium, potassium, etc.). When interacting with water, the minerals pass into the water, positively affecting its physiological usefulness and organoleptic properties.

Mental Force

Item: 806101

30 day program

The set consists of:

- Coral-Mine (30 sachets)
- Coral Carnitine (10 capsules)
- Coral Lecithin (30 capsules)
- Coral Magnesium (20 capsules)
- Coral Taurine (30 capsules)
- Memo-Prime (30 capsules)
- O!Mega-3 TG (30 capsules)
- GreenGreen (30 capsules)

Unlock your brain's potential with Mental Force - a pack of eight powerful supplements designed to support brain function, increase focus, and boost cognitive performance.

This pack is divided into 3 stages, each lasting 10 days, and working in tandem with specific dietary recommendations.

1st Phase (days 1 to 10)

In the first phase (days 1 to 10), you will take Coral-Mine throughout the day, and Memo-Prime, O!Mega 3 TG, Coral Taurine, and Coral Magnesium in the morning and evening.

2nd Phase (days 11 to 20)

During the second phase, you will take Coral-Mine throughout the day, and Memo-Prime, O!Mega 3 TG, Coral Taurine, and GreenGreen in the morning, and Coral Lecithin, Coral Magnesium, and GreenGreen in the evening.

3rd Phase (days 21 to 30)

In the third phase, you will take Coral-Mine throughout the day, and Memo-Prime, O!Mega 3 TG, Coral Carnitine, and Coral Taurine in the morning and Coral Lecithin and GreenGreen in the evening.

Throughout the day Coral-Mine.

Morning: Memo-Prime, O!Mega 3 TG, Coral Taurine, GreenGreen.

Evening: Coral Lecithin, Coral Magnesium, GreenGreen

The set consists of:

- Coral Alfalfa (120 capsules)
- Premium Spirulina (200 tablets)
- Coral Lecithin (120 capsules)
- O!Mega-3 TG (30 capsules)
- Super-Flora (30 vegetable capsules)
- Coral-Mine (30 sachets)

Nutripack is a carefully crafted collection of nutrients, scientifically formulated to support the body's diverse nutritional needs.

Coral Alfalfa

Contains alfalfa leaf juice and alfalfa grass powder. Alfalfa contains vital minerals such as calcium, iron, phosphorus, magnesium, sulfur, potassium, and silicon, as well as naturally derived fluoride, which is essential for dental health. It also contains vitamins such as Vitamins C, E, K, and B, as well as plant protein and chlorophyll. This product supports vitality and promotes health.

Premium Spirulina

Contains 100% Spirulina without any additives. Spirulina contains a variety of bioactive substances and helps to improve metabolism, control weight, and protect against premature aging.

Coral Lecithin

A source of phospholipids, particularly phosphatidylcholine, and is a major constituent of all human cell membranes. It supports the health of the liver and heart, is important for cognitive function and vision, and is necessary for the body throughout life.

O!Mega-3 TG

A concentrate of essential polyunsaturated fatty acids omega-3 in reduced triglyceride form. This form is close to the natural one, so it is easily absorbed by the body. Polyunsaturated fatty acids

(PUFAs) are not synthesized in the human body and can only come from food. Taking sufficient amounts of omega-3 PUFAs is especially important for the cardiovascular system, brain, organs of vision, and skin. The product is derived from cold-water saltwater ocean fish.

Super-Flora

This product is a balanced combination of probiotics (bifid and lactobacilli) and prebiotic inulin. Lacto- and bifidobacteria support intestinal health and digestive function and strengthen immunity.

Coral-Mine

This product contains the mineral composition of ancient deep-sea corals, which contain salts of useful macro- and microelements such as calcium, magnesium, potassium, and some others in trace amounts. When interacting with water, the minerals from the salts transfer into the water, increasing its physiological wholesomeness and improving its taste.

Parashield

Item: 803201

30 day program

The set consists of:

- ParaFight (90 vegetable capsules)
- Coral Burdock Root (90 capsules)
- MSM (60 vegetable capsules)
- Super-Flora (90 vegetable capsules)
- Coral-Mine (30 sachets)

Get ready to fight unwanted guests with Parashield! Our 30-day program is specifically designed to help with potential exposure to parasites, help your body detoxify, and enhance your immune system. Plus, it helps to restore your healthy intestinal microflora, so you can feel your best inside and out.

ParaFight is an antiparasitic synergistic combination of 12 plant extracts, including black walnut, cloves, chamomile, gentian, yarrow, oregano, thyme, garlic, and pepper. Their active components - juglone, tannins, organic acids, flavonoids, bitter glycosides, essential oils, allicin, and piperine - disrupt the lives of unwanted guests (parasites) at different stages of development and help to remove them from the body.

Coral Burdock Root - contains crushed root and burdock extract. Additionally, there are organic acids and tannins, which may help accelerate detoxification of the body and help inhibit the growth of undesirable bacteria and fungi.

MSM - contains bioavailable organic sulfur, vitamin C, and biotin, which help remove environmentally unfriendly substances from the body, reduce sensitivities, and help improve skin, hair, and nails.

Parashield Plus

Item: 803301

60 day program

The set consists of:

- ParaFight (90 vegetable capsules)
- Coral Black Walnut (90 vegetable capsules)
- Pau D'Arco with Selenium (90 vegetable capsules)
- Coral Burdock Root (90 capsules)
- Assimilator (90 vegetable capsules)
- MSM (60 vegetable capsules)
- Super-Flora (90 vegetable capsules)
- Coral-Mine (60 sachets)

Parashield Plus is an extended 60-day version of the pack that helps protect you against parasites.

ParaFight is an antiparasitic synergistic combination of 12 plant extracts; including black walnut, cloves, chamomile, gentian, yarrow, oregano, thyme, garlic, and pepper. Their active components - juglone, tannins, organic acids, flavonoids, bitter glycosides, essential oils, allicin, and piperine - disrupt the lives of unwanted guests (parasites) at different stages of development and help to remove them from the body.

Coral Black Walnut is a source of juglone, essential oils and tannins. This mixture of active components may help fight internal parasites and support the gastrointestinal tract.

Coral Burdock Root contains crushed root and burdock extract. Additionally, there are organic acids and tannins, which may help accelerate detoxification of the body and help inhibit the growth of undesirable bacteria and fungi.

Assimilator - a complex of digestive enzymes, which promotes a high-quality enzymatic breakdown of food (proteins, fats, carbohydrates) and balances digestion. It also helps in neutralizing and eliminating toxins from the body.

Pau D'Arco with Selenium contains important substances, naphthoquinones (lapachol, beta-lapachol), which often interfere with vital undesirable microbial activity and help activate the body's immune system.

MSM - contains bioavailable organic sulfur, vitamin C, and biotin, which help remove environmentally unfriendly substances from the body.

Super-Flora - a balanced combination of probiotics (bifidobacteria and lactobacilli) and inulin prebiotic, which helps increase the number of beneficial bacteria in the intestines, helps with digestive comfort, restores the gut microbiome and supports the immune system.

Coral-Mine - a mineral composition of relict corals to improve the quality and taste of water. It's also a source of useful macro- and microelements (i.e., calcium, magnesium) that help regulate the mineral and acid-base balance in the body

CORAL, BARTHOLOMEW 90 CAPSULES, DIMETHYLGLUTAMATE 60 CAPSULES, BROWN 90 CAPSULES,
BLENDED 30 STICK PACKS, PENTAMER 40 CAPSULES, BLENDED 30 STICK PACKS,
BLENDED 40 CAPSULES, BLENDED 30 STICK PACKS, BLENDED 30 STICK PACKS

TOTAL: 400 CAPSULES, 40 TABLETS, AND 30 STICK PACKS. 30 DAY PROGRAM

Recover

Item: 807101

30 day program

The set consists of:

- Oceanmin (30 stick packs)
- Coral Artichoke (90 capsules)
- PentoKan (40 effervescent tablets)
- Selenium (100 vegetable capsules)
- MSM (60 vegetable capsules)
- Super-Flora (90 vegetable capsules)
- Griffonia (60 capsules)

Those who have experienced microbial exposure frequently complain about general weakness, fatigue, problems sleeping, feelings of anxiousness, digestive discomfort, and hair loss.

The **Recover** pack was curated to help the body recuperate from the lingering effects present after microbial exposure, allowing a faster return to everyday life.

Active ingredients:

Minerals (magnesium, potassium, selenium, sulfur, and calcium)

When unwell, the body loses many minerals, the deficiency of which negatively affects various organs and system functions. Additional intake of electrolyte minerals (potassium and magnesium) from Oceanmin and PentoKan helps restore the body's water-salt balance, for which normal cardiovascular, muscular, and nervous system function depends. Regulating the body's water-salt balance will contribute to the body's ability to cope with feelings of fatigue and loss of strength. In addition, organic sulfur (MSM) and selenium provide nutrients to the skin, hair, and nails, influence antioxidant protection, and support immune response.

Vitamins (B vitamins and vitamin C)

Vitamins B6 and B12 (included in Griffonia) act synergistically to support nervous system health and cognitive function. Vitamin B7, or biotin (included in MSM), plays a role in keratin production - the main protein of hair and nails. It contributes to healthy hair and nail growth. Vitamin C (included in MSM, Pentokan, and Selenium) supports immune

response and helps the body cope with residual effects following microbial exposure.

Probiotics and prebiotics

These increase the number of beneficial intestinal microflora, promoting better absorption of nutrients, reduced intestinal discomfort, improved stool regularity, and improved immune response.

Herbal hepatoprotectors

When the body is not in a wellness state, the liver is not efficient at filtering toxins. Its cause is both pathogen-producing toxins and dying cells affected by microbes or bacterial cells. Artichoke, milk thistle, dandelion root, and betaine extracts have a complex healing effect on the liver: they help protect and restore liver cells, bind and remove toxins, stimulate the formation of bile, and regulate fat metabolism in the liver.

Plant-based 5-HTP

Griffonia extract contributes to endorphin hormone production, which may help reduce feelings of sadness, anxiousness, and irritability, helping to improve mood and sleep quality.

Recover pack may help:

- Restore the body's mineral balance
- Speed up the elimination of toxins
- Support emotional balance for an improved mood
- Aid the sleep-wake cycle for improved sleep quality
- Restore intestinal microflora
- Provide immune support

BEAUTY

PRIVILEGE

Privilege –

a premium skincare line ideal for those looking to visibly diminish signs of aging, improve texture, and restore a youthful glow. The series is formulated with natural plant components sourced from a uniquely favorable region of the Hawaiian Islands.

Kona Coffee is the key ingredient in the Privilege Beauty Formula, which is recognized for its anti-aging potential.

Privilege Milk Cleanser

Item: 6001

Container: 3.38 fl. oz. (100 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Aqua (Water/Eau), Sodium C14-16 Olefin Sulfonate, Glycerin, Cocamidopropyl Betaine, Phenoxyethanol, Disodium Cocoamphodiacetate, Coffea Arabica (Coffee) Seed Oil, Glycol Distearate, PEG-150 Pentaerythrityl Tetrastearate, Sodium Chloride, Caprylyl Glycol, Caprylyl/Capryl Glucoside, Lauryl Glucoside, Sodium Glycolate, Ethylhexylglycerin, Hexylene Glycol, Sodium Sulfate, Coconut Acid, Sodium Diglycolate, Tetradecene, Tocopheryl Acetate, Hexadecene, Sodium Citrate, Sodium Bicarbonate, 3-O-Ethyl Ascorbic Acid, Soluble Collagen, Retinyl Palmitate, Tetrasodium EDTA, Coffea Robusta Seed Extract, Camellia Sinensis Leaf Extract, Tocopherol, Leuconostoc/Radish Root Ferment Filtrate, Methylchloroisothiazolinone, Sodium Hyaluronate, Methylisothiazolinone, Potassium Sorbate, Trisodium EDTA, Citric Acid, Caramel.

*Certified Organic

A combination of naturally-derived cleansers, all biodegradable so as not to irritate sensitive skin. Milk Cleanser is formulated to remove makeup, dirt, and environmental debris, while leaving the skin clean, soft and supple.

DIRECTIONS

Apply a small amount of Cleanser onto your fingertips and gently apply to the facial area. Do not place Cleanser directly into the eyes. Rinse the face using tepid water and pat dry with soft cloth.

Privilege Facial Scrub

Item: 6002

Container: 1.7 fl. oz. (50 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Propylene Glycol, Caprylic/Capric Triglyceride, Pentylene Glycol, Coffea Arabica (Coffee) Seed Powder, Juglans Regia (Walnut) Shell Powder, Carbomer, Cetearyl Alcohol, Aqua (Water/Eau), Phenoxyethanol, Caprylyl Glycol, Ceteareth-20, Coffea Arabica (Coffee) Seed Oil, Sodium Hydroxide, Tocopheryl Acetate, Soluble Collagen, Retinyl Palmitate, Glycerin, Sorbic Acid, Oryza Sativa (Rice) Extract, Coffea Robusta Seed Extract, Chamomilla Recutita (Matricaria) Flower Extract*, Tocopherol, Leuconostoc/Radish Root Ferment Filtrate, Biosaccharide Gum-1, Leuconostoc Ferment Filtrate, Potassium Sorbate, Soybean Peroxidase, Superoxide Dismutase, Trisodium EDTA, Caramel.

*Certified Organic

Facial Scrub is formulated with finely-ground beans and walnut shells that provide skincare benefits by removing dead skin cells. The skin looks and feels soft and supple with more radiance and luminosity.

DIRECTIONS

Apply Facial Scrub to the entire face. Allow 5 minutes for the Scrub ingredients to penetrate and nourish your skin. After 5 minutes, using wet fingers, lightly massage the face for 1-2 minutes, then rinse the face thoroughly and allow skin to dry. Do not apply directly into the eyes.

Privilege Hydrating Toner

Item: 6003

Container: 3.38 fl. oz. (100 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Glycerin, Hamamelis Virginiana (Witch Hazel) Extract, Aqua (Water/Eau), Heptyl Glucoside, 1,2-Hexanediol, Caprylyl Glycol, Alcohol, Potassium Sorbate, Coffea Arabica (Coffee) Seed Oil, Soluble Collagen, Coffea Robusta Seed Extract, Phenoxyethanol, Heptanol, Sodium Ascorbyl Phosphate, Sodium Hyaluronate, Tocopheryl Acetate, Retinyl Palmitate, Anthemis Nobilis Flower Extract, Ethylhexylglycerin, Leuconostoc/Radish Root Ferment Filtrate, Tocopherol, Trisodium EDTA, Caramel.

*Certified Organic

Due to its balanced combination of natural ingredients, Hydrating Toner is used to purify and hydrate the skin. It restores the pH-balance, and improves overall skin tone, balance, and brightness.

DIRECTIONS

After your cleansing routine, spray or use a cotton ball to apply Toner to the facial area. Allow to air dry. Do not place Toner directly into the eyes.

Privilege Intensive Eye Serum

Item: 6004

Container: 1 fl. oz. (30 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Aqua (Water/Eau), Soluble Collagen, Glycerin, Carbomer, Phenoxyethanol, 3-O-Ethyl Ascorbic Acid, Proline, Threonine, Caprylyl Glycol, Oryza Sativa (Rice) Extract, Coffea Robusta Seed Extract, Leuconostoc/Radish Root Ferment Filtrate, Sorbic Acid, Chamomilla Recutita (Matricaria) Flower Extract*, Sodium Hydroxide, Ahnfeltiopsis Concinna Extract, Euterpe Oleracea Pulp Powder, Sodium Hyaluronate, Tocopheryl Acetate, Retinyl Palmitate, Leuconostoc Ferment Filtrate, Potassium Sorbate, Acetyl Hexapeptide-8, Ethylhexylglycerin, Hexylene Glycol, Trisodium EDTA, Tocopherol, Soybean Peroxidase, Superoxide Dismutase, Caramel.

*Certified Organic

This eye serum is formulated to improve the appearance of lines, wrinkles, dark circles and puffiness around the eye area. A balance of Science and Nature work in concert to provide a luxurious high-performance product.

DIRECTIONS

After your cleansing routine, apply a small amount of Serum to your fingertips and gently apply around and under the eyes. Best results are achieved when applied in the morning and evening before applying morning or night cream. Do not place Serum directly into the eyes.

Privilege Intensive Facial Serum

Item: 6005

Container: 1.7 fl. oz. (50 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Glycerin, Aqua (Water/Eau), Soluble Collagen, Hypnea Musciformis Extract, Carbomer, Phenoxyethanol, 3-O-Ethyl Ascorbic Acid, Proline, Threonine, Sargassum Filipendula Extract, Caprylyl Glycol, Sorbitol, Oryza Sativa (Rice) Extract, Tocopheryl Acetate, Coffea Robusta Seed Extract, Gellidiera Acerosa Extract, Leuconostoc/Radish Root Ferment Filtrate, Retinyl Palmitate, Sodium Hydroxide, Sorbic Acid, Chamomilla Recutita (Matricaria) Flower Extract*, Ahnfeltiopsis Concinna Extract, Sodium Hyaluronate, Leuconostoc Ferment Filtrate, Potassium Sorbate, Ethylhexylglycerin, Tocopherol, Acetyl Hexapeptide-8, Hexylene Glycol, Trisodium EDTA, Soybean Peroxidase, Superoxide Dismutase.

*Certified Organic

This unique formula is designed to improve various signs of ageing skin, giving it a more youthful appearance. It penetrates the entire face and throat area with a smooth silky after-feel.

DIRECTIONS

After your facial cleansing routine, apply a small amount of Serum to your fingers and apply to the face and neck area, utilizing a light massaging motion. Best results are achieved when applied in the morning and evening before morning or night cream. Do not apply directly into the eyes.

Privilege Repairing Eye Cream

Item: 6006

Container: 1 fl. oz. (30 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Glycerin, Simmondsia Chinensis (Jojoba) Seed Oil, Soluble Collagen, Stearic Acid, Dimethicone, Coffea Arabica (Coffee) Seed Oil, Sorbitan Stearate, Aqua (Water/Eau), Phenoxyethanol, 3-O-Ethyl Ascorbic Acid, Carbomer, Cetyl Alcohol, Triethanolamine, Caramel, Glyceryl Stearate, PEG-100 Stearate, Caprylyl Glycol, Ethylhexylglycerin, Allantoin, Hexylene Glycol, Squalane, Tocopheryl Acetate, Retinyl Palmitate, Leuconostoc/Radish Root Ferment Filtrate, Euterpe Oleracea Pulp Powder, Sodium Hyaluronate, Myristyl Alcohol, Stearyl Alcohol, Coffea Robusta Seed Extract, Tocopherol, Anthemis Nobilis Flower Extract, Laminaria Digitata Extract, Potassium Sorbate, Acetyl Hexapeptide-8, Trisodium EDTA.

*Certified Organic

This eye cream is formulated to improve the appearance of lines, wrinkles, dark circles and puffiness around the eye area. A balance of Science and Nature work in concert to provide a luxurious high-performance product.

DIRECTIONS

Place a small amount of Eye Cream onto your fingers and apply around and under the eyes, utilizing a light massaging motion. Do not apply directly into the eyes.

Privilege Anti-Aging Morning Cream

Item: 6007

Container: 1.7 fl. oz. (50 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Caprylic/Capric Triglyceride, Glycerin, Simmondsia Chinensis (Jojoba) Seed Oil, Soluble Collagen, Stearic Acid, Dimethicone, Coffea Arabica (Coffee) Seed Oil, Sorbitan Stearate, Aqua (Water/Eau), Phenoxyethanol, Carbomer, Cetyl Alcohol, Triethanolamine, Caramel, Glyceryl Stearate, PEG-100 Stearate, Caprylyl Glycol, Ethylhexylglycerin, 3-O-Ethyl Ascorbic Acid, Allantoin, Hexylene Glycol, Squalane, Tocopheryl Acetate, Retinyl Palmitate, Leuconostoc/Radish Root Ferment Filtrate, Euterpe Oleracea Pulp Powder, Sodium Hyaluronate, Myristyl Alcohol, Stearyl Alcohol, Coffea Robusta Seed Extract, Tocopherol, Anthemis Nobilis Flower Extract, Laminaria Digitata Extract, Potassium Sorbate, Acetyl Hexapeptide-8, Trisodium EDTA.

*Certified Organic

A drink of moisture for every cell – this Morning Cream penetrates quickly into the skin locking in moisture throughout the day. You will love how this cream penetrates the entire face and throat area with a smooth silky after-feel. Ideal as a base for make-up.

DIRECTIONS

After cleansing routine, place a small amount of Morning Cream onto your fingers and apply to the face and neck area, utilizing a light massage motion. Do not apply directly into the eyes.

Privilege Anti-Aging Night Cream

Item: 6008

Container: 1.7 fl. oz. (50 ml)

Ingredients:

Aloe Barbadensis Leaf Juice*, Caprylic/Capric Triglyceride, Glycerin, Simmondsia Chinensis (Jojoba) Seed Oil, Stearic Acid, Soluble Collagen, Aqua (Water/Eau), Dimethicone, Sorbitan Stearate, Phenoxyethanol, Carbomer, Cetyl Alcohol, Triethanolamine, Glyceryl Stearate, PEG-100 Stearate, Fragrance/Parfum, Panthenol, Squalane, Caprylyl Glycol, 3-O-Ethyl Ascorbic Acid, Ethylhexylglycerin, Hexylene Glycol, Allantoin, Cyanocobalamin, Coffea Robusta Seed Extract, Tocopheryl Acetate, Retinyl Palmitate, Leuconostoc/Radish Root Ferment Filtrate, Euterpe Oleracea Pulp Powder, Myristyl Alcohol, Stearyl Alcohol, Anthemis Nobilis Flower Extract, Laminaria Digitata Extract, Sodium Hyaluronate, Potassium Sorbate, Tocopherol, Acetyl Hexapeptide-8, Trisodium EDTA.

*Certified Organic

Wake up refreshed than ever before by applying this overnight cream before bed. This cream works while you sleep to leave your skin feeling soft and smooth.

DIRECTIONS

After cleansing routine, place a small amount of Night Cream onto your fingers and apply to the face and neck area, utilizing a light massage motion. Do not apply directly into the eyes.

Cool Relief

Item: 91645

Container: 4.23 oz (120 g)

Ingredients:

Purified Water, Menthol, Camphor, Emu Oil, Emulsifying Wax Nf, Glyceryl Stearate Se, Stearic Acid, Methylsulfonylmethane (MSM), Oryza Sativa (Rice) Bran Oil, Glucosamine Sulphate, Cetearyl Alcohol, Dicetyl Phosphate, Ceteth-10 Phosphate, Olibanum (Boswellia Serrata) Gum, Hippophae Rhamnoides (Seabuckthorn) Extract, Eugenia Caryophyllus (Clove) Leaf Oil, Eucalyptus Globulus (Eucalyptus) Leaf Oil, Mentha Viridis (Spearmint) Leaf Oil, Mentha Arvensis (Cornmint) Oil, Phenoxyethanol, Triethanolamine Nf, Acrylates/C10-30 Alkyl Acrylate Crosspolymer.

Cool Relief cream has a cooling and warming effect for rapid and effective muscle recovery following strains, bumps and bruises. It gently warms the muscles, eliminating pain, tension and constrained movement.

DIRECTIONS

Massage into affected area as required. For external use only. Avoid contact with broken skin, eyes or mucous membranes. Do not bandage after use.

Coralbrite

Toothpaste with Coral Apatite®

Item: 5720

Tube: 2.82 oz (80 g)

Ingredients:

Water, Sorbitol, Hydroxyapatite, Cellulose Gum, Mentha Arvensis leaf oil, Soap material, Phenoxyethanol, Sodium Citrate, Carrageenan, Allantoin, Allium Cepa (Onion) bulb extract, Pistacia Lentiscus (Mastic) Gum.

Coralbrite is a new word, not only among oral hygiene products, but also among hydroxyapatite toothpastes. After all, this Japanese-made product is one of the world's first toothpastes with hydroxyapatite derived from coral - a natural source of minerals. 99.7% of the ingredients are obtained from natural minerals, such as plants, fruits, algae, and vegetables. Coralbrite toothpaste has the refreshing aroma of Japanese mint. In addition to cleaning teeth, it was designed to preserve and restore vital tooth enamel and prevent the development of tooth decay.

Active ingredients

Approximately 40% of bone and tooth enamel is composed of calcium hydroxyapatite. Coral Apatite® hydroxyapatite, which forms the basis of Coralbrite toothpaste, is made from natural fossil coral from Yonaguni Island in Japan. Coral apatite is a valuable and rare resource in the world. It is a source of not only calcium and phosphorus but over 70 other minerals as well. This rich mineral combination was derived from ancient seawater present for over 10 thousand years. In addition, due to its porous structure, coral acts as a sorbent by absorbing and adsorbing liquids and gases. Therefore, it provides better cleaning from plaque

accumulation and more efficient brightening of tooth enamel.

Natural calcium supplies calcium ions and maintains an alkaline pH in the mouth (pH 10), which reduces demineralization and prolongs the regenerative effect of hydroxyapatite.

Onion extract and allantoin soothe irritation and inflammation. Combined with the unique pistachio mastic, these ingredients serve to promote healing. Together with Japanese mint oil, this herbal complex provides a refreshing taste and aroma.

Coralbrite toothpaste with Coral Hydroxyapatite may help:

- thoroughly cleans teeth of plaque;
- reduce demineralization of tooth enamel;
- improve remineralization of tooth enamel;
- reduce tooth sensitivity;
- polish and whiten tooth enamel;
- prevent the appearance of tooth decay;
- prevent unpleasant odors.

Emu Oil

Item: 5710

Container: 1.7 fl. oz. (50 ml)

Ingredients:

Dromiceius oil (99.7%), Rosmarinus Officinalis Leaf Oil, Tocopheryl acetate, Limonene, Linalool. Limonene, Linalool naturally present in Rosemary (Rosmarinus Officinalis) oil.

Emu (*Dromiceius noveahollandia*) Oil is a unique natural source of Omega 3, 6 & 9 fatty acids.

Emu Oil is a highly effective moisturizer. It quickly absorbs into the skin without leaving greasy residue and is highly bioactive.

DIRECTIONS

Massage into affected area as required. For external use only. Avoid contact with broken skin, eyes or mucous membranes. Do not bandage after use.

Emu Oil with Tea Tree Oil

Item: 91605

Container: 0.5 fl. oz. (15 ml)

Ingredients:

Oryza Sativa (Rice) Bran Oil, Olea Europaea (Olive) Oil, Beeswax, Emu Oil, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Prunus Armeniaca (Apricot) Kernel Oil, Triticum Vulgare (Wheat) Germ Oil, Prunus Amygdalus Dulcis (Sweet Almond) Oil, Calendula Officinalis Flower Extract, Tocopheryl Acetate.

A balanced plant-based antioxidant formula ensures maximum nourishment and skin moisturization, improving its structure and protecting it against harmful environmental factors.

Silver Gel

Item: 91637

Container: 1.7 fl. oz. (44 ml)

Ingredients:

Water, Carbopol, Triethanolamine, Silver 24 ppm.

Silver Gel, based on colloidal silver, is produced using patented SilverSol technology®. The gel base helps the silver to quickly penetrate the deep skin layers and makes its effects more pronounced.

DIRECTIONS

Apply daily, in the morning and at night, after cleansing.

Tea Tree Oil

Item: 5701

Container: 1 fl. oz. (30 ml)

Ingredients:

Tea Tree Oil (*Melaleuca alternifolia*), Limonene, Linalool.

Limonene, Linalool naturally present in Tea Tree Oil.

Tea Tree Oil in a concentrated solution for external application. Absorbed well by the skin, to calm, moisturize and regenerate it.

DIRECTIONS

As a skin oil, add one drop to 10ml vegetable oil, and apply with a cotton pad to appropriate skin areas.

As a bathing oil, add five to ten drops to the filled bath tub.

HOME CARE

Home collection

Alive household products are a new generation of cleaners and detergents that are efficient, versatile, environmentally friendly, and economical.

Alive products are specially designed for people who do not want to expose themselves and the environment to the aggressive effects of common household chemicals. Alive products do not contain hazardous toxic substances such as petroleum solvents, borates, phosphates, phosphonates, artificial fragrances, or dyes. Alive contains only gentle, environmentally friendly surfactants, minerals, and organic substances.

Alive Laundry Detergents come in a granular powder with a bleach alternative, suitable for both white and colored clothing.

The composition of these products includes:

- Zeolites (natural minerals that have taken the place of phosphates);
- Sodium percarbonate (active oxygen);
- A complex of enzymes.

Zeolites, unlike phosphates, pair well with surfactants to effectively clean dirt and grime, and are easily rinsed out of fabrics.

Enzymes and sodium percarbonate dissolve protein-based stains (blood, baby food, dairy products, or eggs, for example), oil, and other complex contaminants without warping or discoloring fabrics.

Alive detergent is free of dyes and artificial fragrances. Plus, its granular formulation does not produce dust, making it an option for those who suffer from allergies, asthma, or chemical hypersensitivity.

Alive Dishwashing Liquid is developed with mild surfactants to dissolve grease and leave dishes clean. Its dye and fragrance-free formula make it gentle on the skin and suitable for allergy sufferers and those with chemical hypersensitivity.

Alive products are safe for sewerage and septic systems common to rural areas, as they do not contain chemically aggressive components.

Alive products are concentrated for long-lasting use, which saves storage space, time, and money.

Alive D Hypoallergenic dishwashing liquid

Item: 81311

Container: 32 fl oz (946 ml)

Ingredients:

Water, anionic surfactants 15 - 25 %, amphoteric surfactants 15 - 20%, glycerol 1 - 3 %, propylene glycol 1 - 2 %, sodium chloride 0 - 2 %, preservative (BIT) 0.01 - 0.04 %.

Alive D Hypoallergenic dishwashing liquid is specially developed for people with allergies, asthma, etc. It does not contain fragrances, phosphates, petroleum solvents, chlorine, dyes or other common triggers for respiratory or skin irritations. The dishwashing liquid is tough on grease, leaving dishes clean.

Alive Ultra-Concentrated destainer/deodorizer

Item: 81111

Container: 2.5 lb (1130 g)

Ingredients:

Sodium percarbonate 80 - 90%, sodium carbonate 10 - 20 %.

Alive Ultra-Concentrated destainer/deodorizer is equally suitable for hand and machine washing. It effectively works in hard and soft water. The detergent is safe for all washable fabrics (whites and colors, natural or synthetic), except silk and wool. Plus, it's versatile enough to be used on carpets and bathroom surfaces!

Alive Ultra-Concentrated powdered laundry detergent

Item: 81113

Container: 2 lb (907 g)

Ingredients:

Sodium percarbonate < 40 %, sodium bicarbonate 15 - 30 %, zeolites 15 - 30 %, anionic surfactants 5 - 15 %, non-ionic surfactants 5 - 15 %, sodium sulfate 5 - 15 %, sodium metasilicate < 4 %, enzymes (alpha-amylase, protease) < 3 %, silica < 3 %, resorbent (CMC) < 3 %.

Ultra-Concentrated powdered laundry detergent is equally suitable for hand and machine washing. It effectively works in hard and soft water. The detergent is safe for all washable fabrics (whites and colors, natural or synthetic), except silk and wool.

Neitronik MG-04M

Item: 91753

Product Description

Neitronik MG-04M is a personal protection device shielding you from electromagnetic radiation. It is designed for use around personal computers, televisions, radios, mobile phones, microwave ovens and monitors with LCD and plasma screens. Neitronik MG-04M has a special antenna measuring 30x30x0.6 mm. The lattice of the antenna has crystalline properties, with which it absorbs and converts electromagnetic energy. Activated by the emitting device, the antenna creates its own field, which interacts with incoming waves and converts their spectrum into a form that is safe for humans.

The device reduces the electromagnetic load on the human body to a safe level. In the first few hours after installation, it reduces the electromagnetic field by approximately half (by distance from the monitor) by three quarters (by area).

Neitronik 5GRS

Item: 91790

Product Description

Neitronik has a special antenna measuring 40x40x0.6 mm. The lattice of the antenna has crystalline properties, with which it absorbs and converts electromagnetic energy.

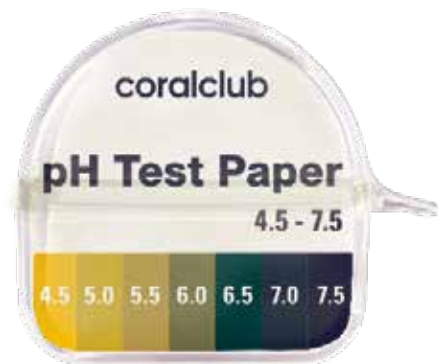

Activated by the emitting device, the antenna creates its own field, which interacts with incoming waves and converts their spectrum into a form that is safe for humans.

Neitronik 5GRS is an advanced development that is distinguished by increased protection from ambient radiation, allowing you to protect your health. This product is the best available technology for protection against electromagnetic radiation. Model 5GRS is recommended for those who use modern versions of smartphones, routers and tablets daily.

Modern smartphones, tablets and routers are becoming more powerful with an increasing amount of antennas. In turn, this greatly affects the level of electromagnetic pollution they emit, which negatively affects human health.

pH Test Paper

Item: 92003 / 92002 Refill

Product Description

Check your saliva with accurate pH litmus test paper strip on a 4.6 meter roll. One roll provides approximately 100 checks. Use it twice a week for express-testing of saliva pH to monitor your health.

Directions:

- Simply tear of a small portion of the strip for testing;
- Before the test, it is recommended to do a few swallowing movements, then moisten the litmus strip with saliva;
- 2-3 seconds after, subsequently compare against the color scale of pH.
- It is recommended to do a test 1 hour before meals or 2 hours after meals.
